## HOSTING A HIGHLY CONVERTING CONFERENCE

### “STAY FOCUSED” CHECKLISTS

#### DECIDE ON THE SPEAKER REQUIREMENTS:

- ☐ **Solo Emails** (a feature email about the conference with no other content added) >> you want at least 2 solo emails per speaker to their entire list (but it can be more, or you can be ok with 1 solo, and then resend it to the unopened).
- ☐ **Social media promo** (you will give them a copy and images to post) >> you want at least 2 posts before the event starts during the promo period + 1 post just before their own interview airs.

#### DECISIONS TO MAKE BEFORE REACHING OUT TO SPEAKERS:

#### DECISIONS TO MAKE ABOUT YOUR OWN PRESENTATION:
