

1. Describe a memory that sticks out to you the most. What happened? Why is this memory significant?

Answer: My senior and junior field hockey seasons, most specifically this years home game against Penn Manor. Even though our team did lose that game 1-0 I will always remember the intensity and togetherness that we played with that game. I had one of the best games of my life being supported by all of my teammates. I will remember this game for the rest of my life because of all of the pride my team carried throughout that difficult game against the defending state champions.

2. Where did this memory take place? What does this place mean to you? Why is it important?

Answer: Cumberland Valley's home turf at the Eagle View stadium. This place will always hold a special place in my heart because it provided me with so many life lessons. This field served me as a second home as I traveled throughout high school and it gave me a place to work out my problems in a safe, comfortable place. I made friendships that will last me forever and were taught lessons that will continue to help me throughout the rest of my life.

3. How does this memory make you feel?

Answer: This memory makes me genuinely happy, I will always remember the time that I spent on that field with people that truly meant a lot to me. It also makes me a bit nostalgic because now that that period of my life has come to an end it is difficult to picture going on with my life without such an important part of it.
