Here's how the YFS system works...

1. Get your special links (for the programs you'll be promoting)
 - [\\$592 A Day Simple Email System \(\\$1.00 Promo Offer\)](#)
 - [The Six Figure Circle Coaching & Freedom Club \(monthly recurring\)](#)
2. Set up your Autoresponder Account (this is so you can send out the campaign and follow up emails to promote the programs).
 - [Aweber](#) (recommended autoresponder service)
3. Create your landing page using a page builder or Google Sites (Google sites is free. Your landing page is where you will send traffic. Visitors will optin to your list and be sent your follow up campaign automatically.)
 - [Google Sites](#)
 - [DFY Landing Page Content](#)
 - [Example Landing Page \(Live\)](#)
 - [Example Landing Page](#) (Google Sites)
 - [OptimizePress \(Recommended Page Builder\)](#)
4. Set up your autoresponder follow-up campaign. This is a series of emails that are sent out automatically to the people who optin to your list. If you're using Aweber, you can copy and paste the Share code to automatically load the email campaign. If you don't have Aweber, you can copy and paste the emails into your autoresponder's campaign feature.

5. Begin generating leads to your landing page. There are multiple ways to generate traffic. You can use the Free Loophole Profits method, or write articles, or use SEO... but the fastest way is to use Solo Ads (right now, my #1 traffic source... if it changes, I'll let you know). I recommend you try Udimi.com as they have reliable solo ad providers. And to make it even easier for you, I've narrowed your choices down to just a few (these are the guys/gals I'm using RIGHT NOW to generate traffic). So you can feel safe using them.

6. Next, you set up "Tags" that mark your list members. That way, when they are finished with the campaign, you can begin sending them "Broadcast" promotional emails recommending additional affiliate products. I've provided you with a frequently updated list of "winning" emails you can use as broadcasts.

7. Continue driving traffic, building your list, and recommending products!

That's it! That's all there is to it.
