

Hi Nat,

I hope you are well, my name is Safwan. You have recently racked up a lot of views and subscribers on your YouTube channel, congrats for that (emoji).

I am taking a portion of your valuable time, to talk about a life-changing investment which could increase the sales of your store.

From a third viewer perspective it seems that it has not seen the same success as your content creation. But we can always learn from the small failures in life, and make the right decision.

The opportunities are endless as to how we can improve the sales of your store. Here is one of the main visions we can share together and make it into a tangible reality:

. Online fitness courses: The flexibility course might not have gone to plan, however with your knowledge in martial arts and mine in setting up a store and marketing... we can generate a huge increase in sales.

. How will we sell them?: Your name! Which is now known by nearly a million people across the globe can become a brand which can symbolize strength, toughness and focus through the digital products that you sell.

. Untapped social media outlets: Whatsapp communities, telegram and discord which are used by the audience your videos are catered to are vital to success. Extending your already massive reach can generate more traffic and increase sales of your store.

Feeling overwhelmed, don't worry we can go through a step-by-step process and trust me it will be worth it.

Just reply to this email to express your interest.

Looking forward to the possibility of collaborating and elevating your channel together!

Best Wishes,

Safwan
