

## 8 | 2 | Lekcija 2: Pripreme za put

### 8.2 Zadatak 3. Recept

Before completing this assignment be sure you read the [Grammar section](#) in today's lesson. Your task is to pick one of the recipes from the [list](#) and present it to the rest of the class.

Say which recipe you picked, why, and what ingredient(s) we need if we want to prepare it. Be sure to tell us the exact amount of each ingredient. Submit your video recording online. Some measures that you will often find in recipes are:

g = gram

ml = mililitar

dag/dkg = dekagram

Be careful how you form the Genitive of these nouns when expressing quantity.

### 8.2 Zadatak 4. Što pripremiti?

Use one of the popular recipe sites in Croatia called [Coolinarika](#). Find two recipes – one for **glavno jelo** and one for **desert**. What would you like to prepare for your guests, family members, or your friends? Write the exact amount for each ingredient. Write complete sentences.
