

7.10 - Bud'...nebo...

*Bud'...nebo...*¹ means 'Either...or...' and is really useful, especially since when we're talking about things we do in the afternoon or evening, there are often several things we actually do, so we might want to give multiple possibilities. Check out a few examples:

*Ondra se většinou **bud'** dívá na televizi, **nebo (si)** čte.*

*Když jsem v hospodě, obvykle si dám **bud'** guláš, **nebo** smažený sýr.*

¹ One can find the alternate *bud'...anebo...*, where *anebo* is just a variant of *nebo* 'or'
