AGENDA

Suggested timing

Reading of Four Rivers Charter Public School Mission Statement 7:00

Four Rivers Charter Public School is dedicated to educating young people for lives of learning and service. The school offers a rigorous academic program aligned with the Massachusetts curriculum frameworks and an emphasis on character development for moral and social responsibility.

Three central themes -- nature, technology and community -- guide teaching and learning at the school, engaging students and teachers in a fundamental question of our times: how do we find the healthy, sustainable interrelationship of the natural world, technology in its many forms, and the human community?

The school works closely with parents and seeks both to serve and to learn from the many resources of Franklin County.
