#### **Ionic Feature Requests**

[public doc]

Purpose of this doc is to collect and organize feature requests for Ionic. We want to make sure we're collecting community feedback, but at the same time keeping the Github issues narrowed to bug reports.

### Different locale support in DatePicker

https://github.com/driftyco/ionic/issues/7883

### Optional search bar input for checkbox/radio alerts

• <a href="https://github.com/driftyco/ionic/issues/7873">https://github.com/driftyco/ionic/issues/7873</a>

#### Input with labels

- https://github.com/driftyco/ionic/issues/7863
- https://github.com/driftyco/ionic/issues/7862

#### Number Picker

https://github.com/driftyco/ionic/issues/7850

### ClearInput with Alerts

https://github.com/driftyco/ionic/issues/7846

#### Custom attributes for inputs in Alerts

https://github.com/driftyco/ionic/issues/7819

## New types of Alerts

- https://github.com/driftyco/ionic/issues/7768
- https://github.com/driftyco/ionic/issues/7767

## Image placeholder when loading ion-img

• <a href="https://github.com/driftyco/ionic/issues/7533">https://github.com/driftyco/ionic/issues/7533</a>

## Programmatically slide a sliding item

https://github.com/driftyco/ionic/issues/7440

### @Input to read params instead of NavParams

https://github.com/driftyco/ionic/issues/7200

#### Autoresize by default for ion-textarea

• https://github.com/driftyco/ionic/issues/7193

### Scrolling arrow for picker components

• <a href="https://github.com/driftyco/ionic/issues/6969">https://github.com/driftyco/ionic/issues/6969</a>

#### Autocomplete for ion-input

• <a href="https://github.com/driftyco/ionic/issues/6921">https://github.com/driftyco/ionic/issues/6921</a>

#### Color Picker

https://github.com/driftyco/ionic/issues/6869

## Programmatically open a DateTime component

https://github.com/driftyco/ionic/issues/6799

# Split pane

https://github.com/driftyco/ionic/issues/6793

#### Hint text for inputs

https://github.com/driftyco/ionic/issues/6785

#### List remove animation

https://github.com/driftyco/ionic/issues/6772

# Parallax support for ion-slides

https://github.com/driftyco/ionic/issues/6771

#### Toast click handler

https://github.com/driftyco/ionic/issues/6709

## Collapsing header when scrolling

https://github.com/driftyco/ionic/issues/6690

#### Progress bars

https://github.com/driftyco/ionic/issues/6669

# Segments with badges

https://github.com/driftyco/ionic/issues/6636

# File picker

https://github.com/driftyco/ionic/issues/6628

## Icon: ios-options-outline

https://github.com/driftyco/ionic/issues/6611

## open/close events for DatePicker

https://github.com/driftyco/ionic/issues/6610

# SqlStorage transactions

https://github.com/driftyco/ionic/issues/6594

## Override config per mode

https://github.com/driftyco/ionic/issues/6502

## Update ionic 1 with new Ionic inputs

https://github.com/driftyco/ionic/issues/6489

# Image caching

https://github.com/driftyco/ionic/issues/6407

# VirtualScroll list bouncing

https://github.com/driftyco/ionic/issues/6394

#### Multi-line selects

• <a href="https://github.com/driftyco/ionic/issues/6383">https://github.com/driftyco/ionic/issues/6383</a>

#### Browser back button behavior

• <a href="https://github.com/driftyco/ionic/issues/6363">https://github.com/driftyco/ionic/issues/6363</a>

## Using other components inside a loading component

https://github.com/driftyco/ionic/issues/6357

# Ion-select scrolls to selected option

https://github.com/driftyco/ionic/issues/6356

#### Swipe between segments

https://github.com/driftyco/ionic/issues/6327

# Material design bottom sheets

https://github.com/driftyco/ionic/issues/6245

# Fixed position fab buttons

https://github.com/driftyco/ionic/issues/6243

## MD elevation property

https://github.com/driftyco/ionic/issues/6187

## Bootstrap style grid

https://github.com/driftyco/ionic/issues/6050

# Vertical range slider

• <a href="https://github.com/driftyco/ionic/issues/6019">https://github.com/driftyco/ionic/issues/6019</a>

#### Pass data between tabs

• <a href="https://github.com/driftyco/ionic/issues/5966">https://github.com/driftyco/ionic/issues/5966</a>

#### NavBar sub-title

• <a href="https://github.com/driftyco/ionic/issues/5940">https://github.com/driftyco/ionic/issues/5940</a>

# Bootstrap Ionic 2 in a web worker

• https://github.com/driftyco/ionic/issues/5734

#### List delete

• <a href="https://github.com/driftyco/ionic/issues/5595">https://github.com/driftyco/ionic/issues/5595</a>

#### Livereload maintain nav stack

https://github.com/driftyco/ionic/issues/5512

# New / redesigned select alert

• <a href="https://github.com/driftyco/ionic/issues/5424">https://github.com/driftyco/ionic/issues/5424</a>

# Copy text data from an Ionic 2 app

• <a href="https://github.com/driftyco/ionic/issues/5198">https://github.com/driftyco/ionic/issues/5198</a>

### Swipeable tabs

• <a href="https://github.com/driftyco/ionic/issues/5101">https://github.com/driftyco/ionic/issues/5101</a>
