

Ionic Feature Requests

[public doc]

Purpose of this doc is to collect and organize feature requests for Ionic. We want to make sure we're collecting community feedback, but at the same time keeping the Github issues narrowed to bug reports.

Different locale support in DatePicker

- <https://github.com/driftyco/ionic/issues/7883>

Optional search bar input for checkbox/radio alerts

- <https://github.com/driftyco/ionic/issues/7873>

Input with labels

- <https://github.com/driftyco/ionic/issues/7863>
- <https://github.com/driftyco/ionic/issues/7862>

Number Picker

- <https://github.com/driftyco/ionic/issues/7850>

ClearInput with Alerts

- <https://github.com/driftyco/ionic/issues/7846>

Custom attributes for inputs in Alerts

- <https://github.com/driftyco/ionic/issues/7819>

New types of Alerts

- <https://github.com/driftyco/ionic/issues/7768>
- <https://github.com/driftyco/ionic/issues/7767>

Image placeholder when loading ion-img

- <https://github.com/driftyco/ionic/issues/7533>

Programmatically slide a sliding item

- <https://github.com/driftyco/ionic/issues/7440>

@Input to read params instead of NavParams

- <https://github.com/driftyco/ionic/issues/7200>

Autoresize by default for ion-textarea

- <https://github.com/driftyco/ionic/issues/7193>

Scrolling arrow for picker components

- <https://github.com/driftyco/ionic/issues/6969>

Autocomplete for ion-input

- <https://github.com/driftyco/ionic/issues/6921>

Color Picker

- <https://github.com/driftyco/ionic/issues/6869>

Programmatically open a DateTime component

- <https://github.com/driftyco/ionic/issues/6799>

Split pane

- <https://github.com/driftyco/ionic/issues/6793>

Hint text for inputs

- <https://github.com/driftyco/ionic/issues/6785>

List remove animation

- <https://github.com/driftyco/ionic/issues/6772>

Parallax support for ion-slides

- <https://github.com/driftyco/ionic/issues/6771>

Toast click handler

- <https://github.com/driftyco/ionic/issues/6709>

Collapsing header when scrolling

- <https://github.com/driftyco/ionic/issues/6690>

Progress bars

- <https://github.com/driftyco/ionic/issues/6669>

Segments with badges

- <https://github.com/driftyco/ionic/issues/6636>

File picker

- <https://github.com/driftyco/ionic/issues/6628>

Icon: ios-options-outline

- <https://github.com/driftyco/ionic/issues/6611>

open/close events for DatePicker

- <https://github.com/driftyco/ionic/issues/6610>

SqlStorage transactions

- <https://github.com/driftyco/ionic/issues/6594>

Override config per mode

- <https://github.com/driftyco/ionic/issues/6502>

Update ionic 1 with new Ionic inputs

- <https://github.com/driftyco/ionic/issues/6489>

Image caching

- <https://github.com/driftyco/ionic/issues/6407>

VirtualScroll list bouncing

- <https://github.com/driftyco/ionic/issues/6394>

Multi-line selects

- <https://github.com/driftyco/ionic/issues/6383>

Browser back button behavior

- <https://github.com/driftyco/ionic/issues/6363>

Using other components inside a loading component

- <https://github.com/driftyco/ionic/issues/6357>

Ion-select scrolls to selected option

- <https://github.com/driftyco/ionic/issues/6356>

Swipe between segments

- <https://github.com/driftyco/ionic/issues/6327>

Material design bottom sheets

- <https://github.com/driftyco/ionic/issues/6245>

Fixed position fab buttons

- <https://github.com/driftyco/ionic/issues/6243>

MD elevation property

- <https://github.com/driftyco/ionic/issues/6187>

Bootstrap style grid

- <https://github.com/driftyco/ionic/issues/6050>

Vertical range slider

- <https://github.com/driftyco/ionic/issues/6019>

Pass data between tabs

- <https://github.com/driftyco/ionic/issues/5966>

NavBar sub-title

- <https://github.com/driftyco/ionic/issues/5940>

Bootstrap Ionic 2 in a web worker

- <https://github.com/driftyco/ionic/issues/5734>

List delete

- <https://github.com/driftyco/ionic/issues/5595>

Livereload maintain nav stack

- <https://github.com/driftyco/ionic/issues/5512>

New / redesigned select alert

- <https://github.com/driftyco/ionic/issues/5424>

Copy text data from an Ionic 2 app

- <https://github.com/driftyco/ionic/issues/5198>

Swipeable tabs

- <https://github.com/driftyco/ionic/issues/5101>
