

Hello QG Families,

FALL 2025 SWIMTOPIA REGISTRATION

You can now register for the Fall 2025 season on SwimTopia, our team's communication and meet/event management platform here: <https://quarrygators.swimtopia.com/register/96284/main>

DATA ENTRY

Please use the exact spelling of names as entered on the Lakeside site, check your swimmer's birthdates so they can be placed in the correct age group, and make sure you have entered an accurate email for team communication.

RE-REGISTRATION

If you participated in a past season and you are logged in to your Swimtopia account, the system will automatically import your swimmer's data. If there is a problem with what was imported or if the data does NOT match what you used to register with Lakeside, please submit the registration with the data the system populated, and contact quarrygators@lakesideswim.com for assistance.

PARENTS/GUARDIANS

You may register as many "Parents" (Parents, Guardians, Grandparents, Caregivers, etc.) as you would like by selecting "Add a Parent/Guardian to this Registration". Any emails entered that are not associated with a Swimtopia account will be sent instructions to create an account. At least one parent MUST sign up to volunteer. The yes/no to volunteering helps us avoid sending some of the volunteering requests to Grandparents or Caregivers who are not available to volunteer.

MARK KNOWN SENDERS

SwimTopia sends emails from noreply+quarrygators@swimtopia.net and notifier+quarrygators@swimtopia.net. Make sure both are in your known senders list to receive updates.

Coach William
