

Autumn Newsletter 2025

Baby Room

What a lovely summer it's been!. The babies have had lots of fun throughout the Summer, we have enjoyed lots of time out in both the big garden and shared lots of fun with the Wobblers in the small garden. To keep us cool on the hot days we loved ice cream play and lots of water play with boats, citrus slices, cucumber and of course lots of splashing. The babies created a Under the sea display for the stairs and did some summer-coloured free painting, we also painted sunshine, ice lollies and footprint flip flops, as well as tabletop painting and edible painting with coloured yoghurt. We celebrated Father's Day which we hope all the daddy's liked their cards and gifts and American Independence Day with flag painting, red, white, and blue rice sensory play and a red, white and blue snack consisting of watermelon stars, strawberries and blueberries. Recently we held an Elmer week for such a

good cause which we painted Elmers, had a colour dress up day, explored coloured rice and lots of coloured objects as well as read the Elmer story book. As Autumn is upon us, we will be creating a new Autumn display on the stairs with hedgehogs, acorns, leaves and an Apple tree. We will also be doing lots of Autumn themed activities including cinnamon cloud dough, making bread, corn rolling and lots more.

In the upcoming months, we plan to celebrate Diwali, Halloween, Bonfire night and Thanksgiving, if your family have any other celebrations coming up please let us know and we will add these to our celebrations. Also let us know your child's current interests as this is such a big help with planning our activities.

The activity table continues to be a big focus each week we have had lots of different things on there for the children to explore including

cars, colours, sea life creatures, wild animals, farm animals, babies, small world and construction vehicles to name a few.

We have said goodbye to quite a few of the babies as they continue their nursery journey in Wobblers Arnav, Denis, Milan, Liliana, Finley Nathan, Alfie, Yuri, Tristan, Travis, Zadie, Rosie and Rosie who are all doing really well and we have welcomed Kevin, Ankriya, Charlie, Leo, Lily, Henry, Kira and Molly who are all doing amazing.

As the weather turns cooler please could we ask that parents provide coats or puddle suits and suitable outdoor footwear as we will still go out in the garden as much as we can.

Here's to an exciting Autumn...

Wobblers

Wow we have had such a busy summer. Lots of time out in the garden with the sand, using our tipping and pouring skills and making sand castles. We have enjoyed cooling off with water play, filling our buckets up and tipping the water

into the funnels. We enjoyed a big water game in the garden with the other children and adults in the nursery which was lots of fun.

We also kept cool by having water trays with boats and sea creatures. We enjoyed playing with the citrus fruits and some of us even tried them and we made some funny faces because of the taste. We made our own ice creams and very much enjoyed getting messy while eating them. A lot of the children have had some brilliant holidays and we have loved looking at the pictures and talking about them. We have said a sad goodbye to Marley, Sophia, River, Laura, Omav, Lillie, Denis and Ivy who are now starting their next adventure in toddlers, we wish them all the best and know they will thrive. We have said a big hello to Liliana, Finley, Travis, Yuri, Rosie D, Rosie G, Tristan and Zadie and we can't wait to see how much you grow while in the wobbler room. We have the winter months coming up and plan on lots of Autumn activities. We will also have a stay and play for our Halloween where we will have a party and dress up day. We hope you all have a fantastic few months and can't

wait to see all the adventures everyone gets up to.

Toddler Room

What a lovely summer we have had and a hot one too! The children have been enjoying the lovely hot warm sunshine, and we have also been enjoying lots of water play to cool down. The children have been taking part in paddling pool play in the big garden splashing each other with water using pipettes, jugs and buckets which everyone absolutely loved and showed so much enjoyment. Although we have been enjoying the hotter season, we have also been talking about sun safety and how to be safe outside, we spoke about why sunscreen, correct clothing and hats are important to protect us from the hot sunshine.

We have also been enjoying talking about the children's adventures to the seaside and visiting other countries and places during the holidays. We have been creating our own seaside's here in the toddler room exploring both sand and water, the children enjoyed building their very own

sandcastles and enjoyed exploring the ocean animals. The children also extended this and crafted their very own sea animals and the children made, fish, crabs, sharks, starfish and jelly fish which the children enjoyed looking at as it's displayed up into the room. We celebrated Father's Day in June which the children and all of the daddies took part in a stay and play to celebrate, the children enjoying decorating biscuits, colouring and messy plays, a big thank you for all the daddies that came along. As summer has now come to an end we said goodbye to some of our toddler friends, we wish Alfie W, Elijah, Grace, Oliver, Rayla, Albert, Luna, Abigail and Franklin all the best throughout their new adventure in the Pre-school room. But with sad goodbyes comes welcoming Hellos to Marley, Sophia, Ivy, Omav, River, Denis, Lillie and Laura we can't wait to watch you grow with us through your toddler year! As the Autumn months are just round the corner, we will be looking forward to seeing the trees change colour, talk about the animals we may see, and we look forward to celebrating, Diwali, Halloween,

Remembrance Day and
St Andrews day. See
you soon Autumn!

Pre-School Room

What a lovely couple of summer months we have had this year! We have played with a lot of water and ice tuff trays and even made homemade ice cream! This summer, a lot of us have been on holiday in the UK but also a few have been on aeroplanes. This has led us to make paper aeroplanes and aeroplane craft. Using our paper aeroplanes, we have also made lots of runway and had aeroplane races! We have also started to grow our own herbs and enjoyed playing a new game at lunch times called 'what's on my plate'. This led us to talking about healthy and treat food which made us create our own healthy shopping bags. We found pictures of food on the internet and then cut them out using scissors and stuck them to brown paper bags. Through this activity, we observed the importance of working on our fine motor skills to help with our scissor skills. We adapted our finger gym and changed the activities within this to help Pre School to strengthen their hands. In June we celebrated

Father's Day with making cards and presents for all of our daddies as well as held a Stay and Play. This was a popular stay and play which lots of our daddies attended and played in the garden with us. We also enjoyed our Graduation Party, sending off our preschoolers to school. Moving forwards, we are looking forwards to the autumn months, celebrating 'pumpkin spice and all things nice', Thanksgiving, Diwali, Dussehra, Remembrance Day and St Andrews day. We want to welcome all of our newbies to the room and look forwards to watching our preschoolers grow in confidence and further their development ready for the next upcoming year before school.

Parent Information

Friday 31st October
-Halloween/ Pumpkin
Spice and all things nice
celebrations 3-4.30pm

Tuesday 4th November
