

## Pair projects

In pairs, choose one of the following projects to undertake for the remainder of the lesson.

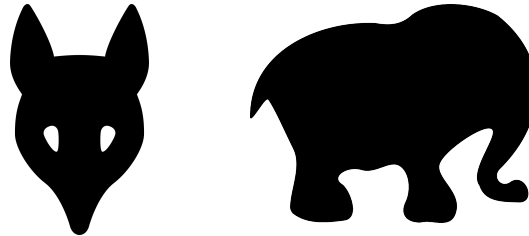

### Project 1 Create icons

#### Instructions

---

You are part of a website development team working on a website for a zoo. To make the website more user-friendly the zoo would like to have icons on the navigation buttons/menu items.

Icon examples:

#### Instructions

---

Spend 10 minutes researching design ideas for your icons.

Create monochrome icons for the following navigation buttons/menu items:

- Primates
- Reptiles and amphibians
- Big cats
- Insects and arachnids
- Small mammals and marsupials
- Large mammals

Paste your work here:

## Project 2 Create a logo

### Scenario

---

You work for a graphic design company. You have been asked to design a logo for a theme park called Solar City. The park is based on the theme of space.

Example of a theme park logo:

### Instructions

---

Spend 10 minutes researching design ideas for your logo.  
Create a logo for the theme park that:

- Uses relevant text and symbols
- Uses no more than six colours
- Looks effective large or small

### Explorer task:

Create a logo for the theme park that also:

- Looks effective when converted to monochrome
- Uses no more than four colours

Paste your work here:

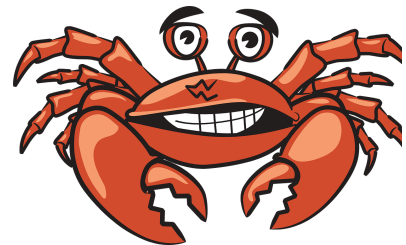

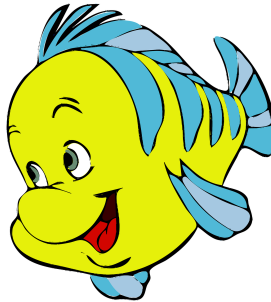

## Project 3 - Explorer task Create an illustration

### Scenario

---

You work as a freelance illustrator. You have been hired to design the characters for a collection of children's books called 'Beneath the Waves'. The books will tell the story of Leon the lobster and Trina the turtle, and the adventures they have together.

Example character illustrations:

### Instructions

---

Spend 10 minutes researching design ideas for your character illustrations.  
Create character illustrations for Leon and/or Trina.

Paste your work here:
