

Day 9.

Trenton's 60 Day Rainmaker Challenge

Accountability Document

Whats up G's. This will be the accountability document you will use to keep yourself on track and also accountable to your fellow G's to hold up your commitment to become a Rain Maker.

Upload this to the Agoge Competitions Chat at the end of every day so we can monitor your progression and help you where you need it.

Tag me when you upload this. This will help us all better understand the situation you are in and how to help you GET WHAT YOU WANT.

Show Agoge 01 who owns this campus.

What is the critical task you completed today that is moving the needle most?

- I improved the ai automation and did dream 100 approach

What were your achievements today?

- I build my own ai bot that will help me with the outreach

Twilight review on the day:

- I was really pushing forward today, there wasn't a minute when I was thinking about sth else than hitting Rainmaker in 16 days The fewer days we have the more obsessed I become.

Wins:

- Figuring out the ai

Losses:

- I spend a lot of time doing things that could have been done in half of that time. I think the reason for this is me trying a lot of different outreach methods without a very clear plan or changing the plan too often.

Insights learned today and how you will apply them to hit your goal:

- Becoming obsessed is literally the only option, it's that simple.

Tomorrow's tasks:

- Optimise my profile on LinkedIn, change the bio, add photos and testimonials 20min
- Use LinkedIn sales navigator (27 days on free trial) to find 30 decision-makers in roofing brands and send them the cold outreach 1.5h
- Do the dream 100 30min
- Send 20 outreaches on instagram using the previous script to land rich clients with less than 20k followers 1.5h
- Use my ai system to send 40 cold outreach to leads from linkedin 1.5h
- Research the roofing niche while preparing for the call with the roofer 2h
- Follow up to my violin teacher client 10min

Any other thoughts you have on your current situation and what you need to work on:

- I'm so grateful for Agoge and the people we have there, it's such a blessing. I can't wait to meet them in real life and create something amazing.
