

Heartcatch Custom Poke-dex

This list of pokemon is a compilation of our custom released pokedex. All pokemon here are fakemons and are not official pokemon. These are to only be used in Heartcatch. Please look below for our TOS regarding using these pokemon. By joining heartcatch, you automatically agree to these terms.

To search for a certain pokemon, use Ctrl + F and search by dex number or pokemon name.

Terms of service

You must read these before making your own heartcatch variant or fakemon, failure to follow the TOS may result in a strike or ban.

- The original creator of the variant/fakemon must be credited alongside the artist who drew the individual design AND nintendo/gamefreak.
- These are not free to use outside of heartcatch, these are heartcatch exclusive pokemon.
- With said above rule, these mons cannot be transferred out of heartcatch. Unless heartcatch were to close. Then in which they would need artist and chime/imp approval.
- MYOs must be made in a similar palette to the design shown here, this does not apply for alt-shinies! All the pokemon below have an 'official' shiny variant you can use.
- **Type swaps are currently not allowed for these mons. You cannot use a type swap to create one of these pokemon. (Ie. Dragon type vaporeon -> HC vaporeon)**
- **Only shinies and fusions are allowed at the moment.** Fusions should still follow all standard fusion rules. When it doubt, please ask a staff member through dms or join our discord server and ask in #design-help.

HC#016 - Glaceon HC Variant - Type: Ice/Steel
Artist: created by Swishy & Broken

Standard

Shiny

HC#017 - **Sylveon HC Variant** - Type: **Fairy/Poison**
Artist: created by Kris Dreemurr

Standard

Shiny

An evolution of Eevee seemingly corrupted by factors in its evolution. This form of Sylveon avoids people, taking refuge within pipelines and underground pathways. It's believed that it uses the poisons it secretes to take down targets much larger than itself, in order to make an escape.

HC#018 - **Mausoleon** - Type: **Ghost**
Artist: created by malhare.

Standard

Shiny

This never before seen eeveelution can often be found lurking in dark wooded areas and other crypts.

HC#019 - **Gogoat HC Variant** - Type: **Grass/Fire**
Artist: created by Swishy & Broken

Standard

Shiny

HC#020 - Mimichu - Type: Ghost/Fairy

Artist: created by imperials

Standard

LEFT [Kanto Variant] RIGHT [Alolan Variant]

Shiny
LEFT [Kanto Variant] RIGHT [Alolan Variant]

A new evolution to mimikyu, called mimichu. This pokemon mimics the look of kanto & alolan raichu. With their newfound popularity and especially Alolan Raichu's cute appearance, Mimikyu decided to evolve and take their mimics to the next step for attention.

HC#021 - **Goomy HC Variant** - Type: **Dragon/Dark**
Artist: created by imperials

Standard

Shiny

A variant of goomy found in the Heartcatch Region. They evolved to have a dark purple body and are often found near tar pits or deep underground. The green bits on their body glow in the dark.

HC#022 - **Sligoo HC Variant** - Type: **Dragon/Dark**
Artist: created by imperials

Standard

Shiny

A variant of sligoo found in the Heartcatch Region. They evolved to have a dark purple body and are often found near tar pits or deep underground. The green bits on their body glow in the dark.

HC#023 - **Goodra HC Variant** - Type: **Dragon/Dark**
Artist: created by imperials

Standard

Shiny

A variant of goodra found in the Heartcatch Region. They evolved to have a dark purple body and are often found near tar pits or deep underground. The green bits on their body glow in the dark.

HC#024 - **Pumplin** - Type: **Grass/Dragon**
Artist: created by elio.

Standard

Shiny

A convergent evolution based pokemon that looks much like an Applin but isn't as they're a pumpkin instead!

HC#025 - **Flappkin** - Type: **Grass/Dragon**
Artist: created by elio.

Standard

Shiny

A convergent evolution based pokemon that looks much like a Flapple but isn't as they're a pumpkin pie instead!

HC#026 - **Pumptun** - Type: **Grass/Dragon**

Artist: created by elio.

Standard

Shiny

A convergent evolution based pokemon that looks much like a Appletun but isn't as they're a pumpkin pie instead!

HC#027 - **Bublin** - Type: **Dragon/Poison**
Artist: created by Div

Standard

Shiny

A tiny cup-like pokemon that holds a bumbling (poisonous?) substance.

HC#028 - Boildrun - Type: Dragon/Poison
Artist: created by Div

Standard

Shiny

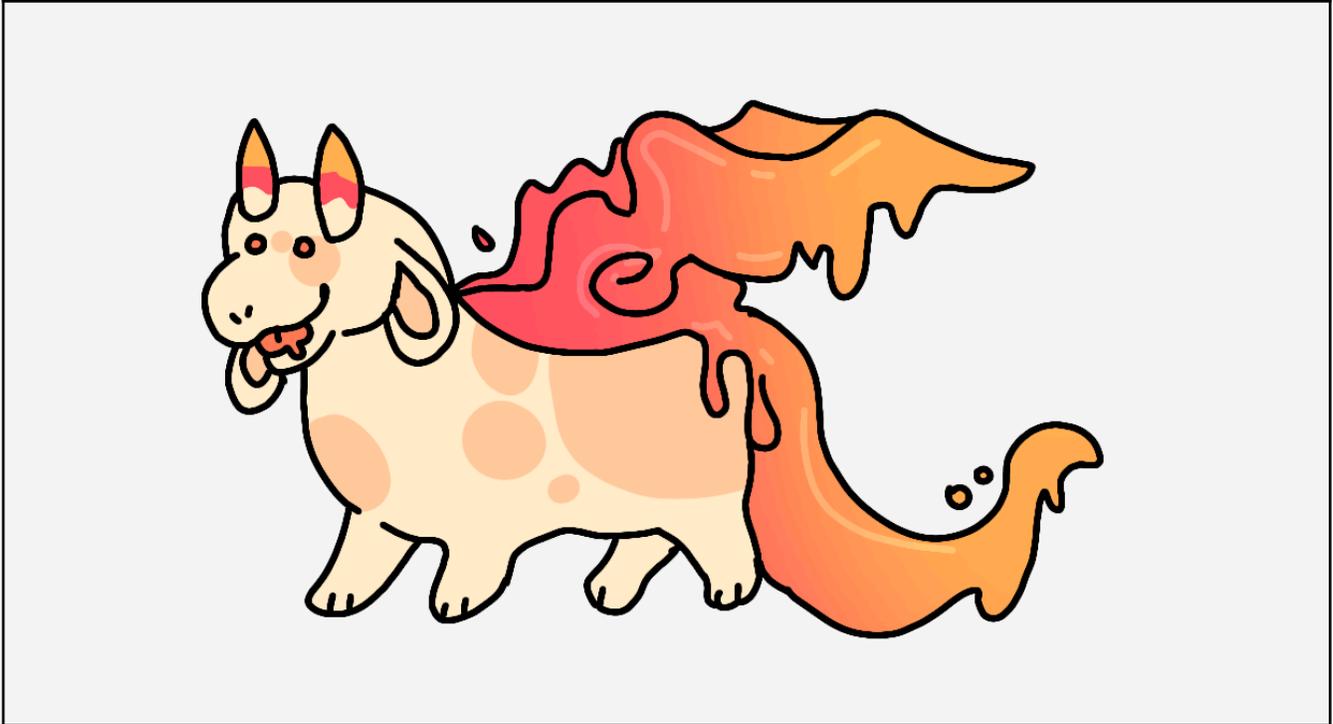

HC#029 - **Cauldroar** - Type: **Dragon/Poison**
Artist: created by Div

Standard

Shiny

HC#030 - **Potten** - Type: **Poison/Ghost**
Artist: created by imperials

Standard

Shiny

HC#031- **Purtion** - Type: **Poison/Ghost**
Artist: created by Centipedes

Standard

Shiny

HC#032 - **Beakitty** - Type: **Poison/Ghost**
Artist: created by Centipedes

Standard

Shiny

HC#033 - **Zoroark HC Variant** - Type: **Normal/Dark**
Artist: created by witchingdreamons

Standard

Shiny

This zoroark has evolved to have an otherwise werewolf-looking complexion. They tend to travel in packs and you can always tell if they are near from the howling.

HC#034 - Solosis HC Variant - Type: Psychic/Ghost

Artist: created by Div

Standard

Shiny

A solosis made within a lab. This pokemon is based off of the science of diaphonization.

HC#035 - **Duosion HC Variant** - Type: **Psychic/Ghost**
Artist: created by Div

Standard

Shiny

A duosis made within a lab. This pokemon is based off of the science of diaphonization.

HC#036 - Reuniclus HC Variant - Type: Psychic/Ghost

HC#081 - HC Purrloin - Type: Ice/Dark
Artist: created by kiffell

Standard

Shiny

HC#082 - HC Liepard - Type: Ice/Dark
Artist: created by kiffell

Standard

Shiny

HC#083 - **HC Houndour** - Type: Ice
Artist: created by Velot

Standard

Shiny

Dex Info

Houndour of the Heartcatch region seem to have adapted to the tundra of the region, learning to manipulate the ferrous ice to help keep themselves warm despite the frigid air...

HC#084 - HC Houndoom - Type: Ice
Artist: created by Velot

Standard

Shiny

Dex Info

Houndoom of the Heartcatch region have become one with the ferrous ice of the tundra. No longer needing to stay warm, with ice in their veins, their chilly attacks are much stronger now! (edited)

HC#085 - **Taigice** - Type: **Ice/Dark**

Artist: created by Div

Standard

Shiny

HC#086 - **HC Delibird** - Type: **Dragon/Flying**
Artist: created by Stan.

Standard

Shiny

Dex Info

These Delibirds thrive in warm climates. It tends to collect stuff with the purpose of giving it away to others at the 'perfect time', but sometimes ends up hoarding a lot of things while waiting for that.

HC#087 - HC comfey - Type: Fairy/normal

Artist: created by googled

Standard

Shiny

Comfey that live in the Heartcatch region have begun allowing humans to place various beads and decorations on them. These adorable pokemon are often given as gifts to loved ones.

(HC Comfey can have any shape, any design, or any pattern of beads/charms. Non-shiny HC Comfey still have to retain similar colors however)

HC#088 - HC Grubbin - Type: Fairy/normal
Artist: div

Standard

Shiny

The Chocolate Pokemon

This pokemon is often found more near human villages. They are a common snack for the kids.

HC#089 - Cocoabug - Type: Fairy/bug
Artist: div

Standard

Shiny

The Cocoa Pokemon

This pokemon sheds cocoa powder from it's magnificent dusty, yet fluffy mane. It snacks on cutiefly.

HC#090 - Scarabonbon- Type: Fairy/bug

Artist: div

Standard

Shiny

The Bonbon Pokémon

This pokemon is known for its symbiotic relationship with humans to produce chocolate. It grows itself back easily and is known for its docile nature.

Artist: witchingdreamons**

Standard

Shiny

Dex Info

HC#092 - HC pignite - Type: here
Artist: witchingdreamons

Standard

Shiny

Dex Info

HC#093 - HC Emboar - Type: here
Artist: witchingdreamons

Standard

Shiny

Dex Info

HC#094 - HC milcrey - Type: Dark/Fairy
Artist: {smug lemon}

Standard

Shiny

A variant of Milcery found in the Heartcatch region. They're often seen in bakeries, and they enjoy causing mischief. Their cuteness makes them beloved by many, so the trouble they cause is seen as a slight annoyance at worst.

HC#095 - Valcremie - Type: Dark/Fairy
Artist: {smug lemon}

Standard

Shiny

This cheerful Pokémon evolves at the peak of midnight. It has developed a strong aversion to humans, and to combat them it has grown a bitter taste. It cares for other Pokémon strongly, and will defend its friends with fierce might.

HC#096 - Pidgeon - Type: Flying
Artist: created by centipedes

Standard

Shiny

The messenger pokemon.

This pokemon raised in popularity as lovers began to use it to deliver love letters within the heartcatch region, the current currency is named after this wholesome tradition.

HC#096 - HC Zorua - Type: Dark/Fairy
Artist: created by centipedes

Standard

Shiny

Zoruas within captivity usually turn out to be purse pets and pampered pooches unlike their original feral form.

HC#097 - Zourzoi- Type: Dark/Fairy
Artist: created by centipedes

Standard

Shiny

A common contest mon within heartcatch, usually being adorned with accessories and beads to mimic its unova counterpart.

HC#098 - HC chikorita - Type: Psychic/Grass
Artist: created by div

Standard

Shiny

Dex Info

HC#099 - HC Bayleef- Type: Psychic/Grass
Artist: created by div

Standard

Shiny

Dex Info

HC#100 - HC Tropius - Type: Psychic/Grass
Artist: created by div

Standard

Shiny

Dex Info

HC#101 -HC Swirlix - Type: Fairy/Flying
Artist: created by {smug lemon}

Standard

Shiny

A variant of Swirlix found in the Heartcatch region. These sweet-smelling pokemon fly around quiet areas, and are much more reclusive than Kalosian Swirlix. It's rumored seeing them brings you good luck.

HC#102 - HC slurpuff- Type: Fairy/flying
Artist: created by {smug lemon}

Standard

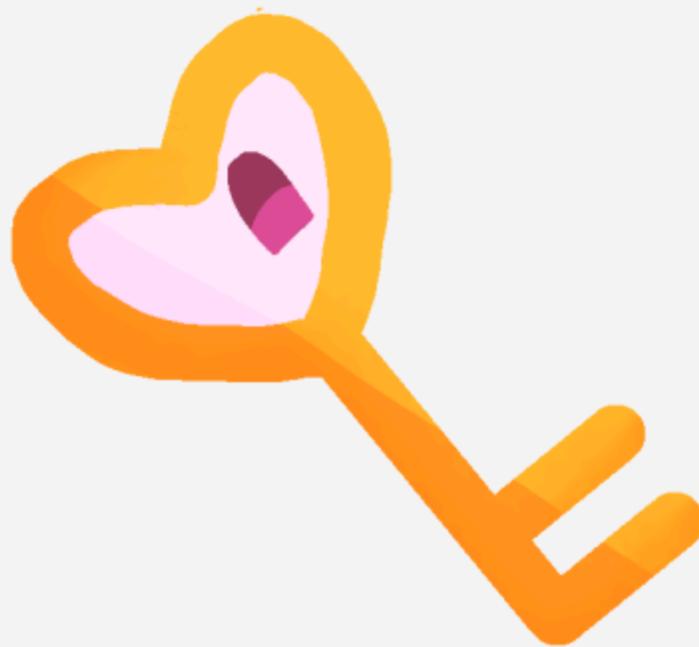

Shiny

A variant of Slurpuff found in the Heartcatch region. Once evolved, these Pokemon become much more friendly and actively seek out trainers or friends. It's very a popular pokemon to put on cards and gifts. It often follows around those who are in love, feeding off their energy.

HC#103 - HC unown - Type: Fairy/steel
Artist: created by Booplesnoot221

Standard

Shiny

Dex Info

HC#104 - Dollibird - Type: Normal/fairy
Artist: created by stan.

Standard

Shiny

HC#105 - HC Chatot- Type: Fairy/steel
Artist: created by Booplesnoot221

Standard

Shiny

Dex Info

HC#106 - HC Shellos - Type: Water/Psychic
Artist: created by div

Standard

Shiny

They have squishy bodies. They live amongst the mountains in caverns, often residing in little shimmering pools. High Sun shellos come out at daytime, their bodies trailing behind with a golden, glittery ooze. They may secrete fog-like clouds of dust if threatened. Low Tide shellos come out at night, soaking up the moonlight for food. They will shoot the spiky stars from their body if threatened.

HC#107 - HC gastrodon - Type: here
Artist: created by div

Standard

Shiny

They reside by the shore in tide pools, feeding on barboach and tynamo. High sun shellos secrete a glittery slime, often used to make paint by those who own them, and they will create a glittery haze if provoked, coming out mostly in the afternoon. Low Tide gastrodon will spike up and shoot their spiky stars as a defense mechanism against predators; they come out at night, often being seen when the tide is low.

HC#107 - HC Pidove - Type: Psychic/Flying
Artist: created by stan.

Standard

Shiny

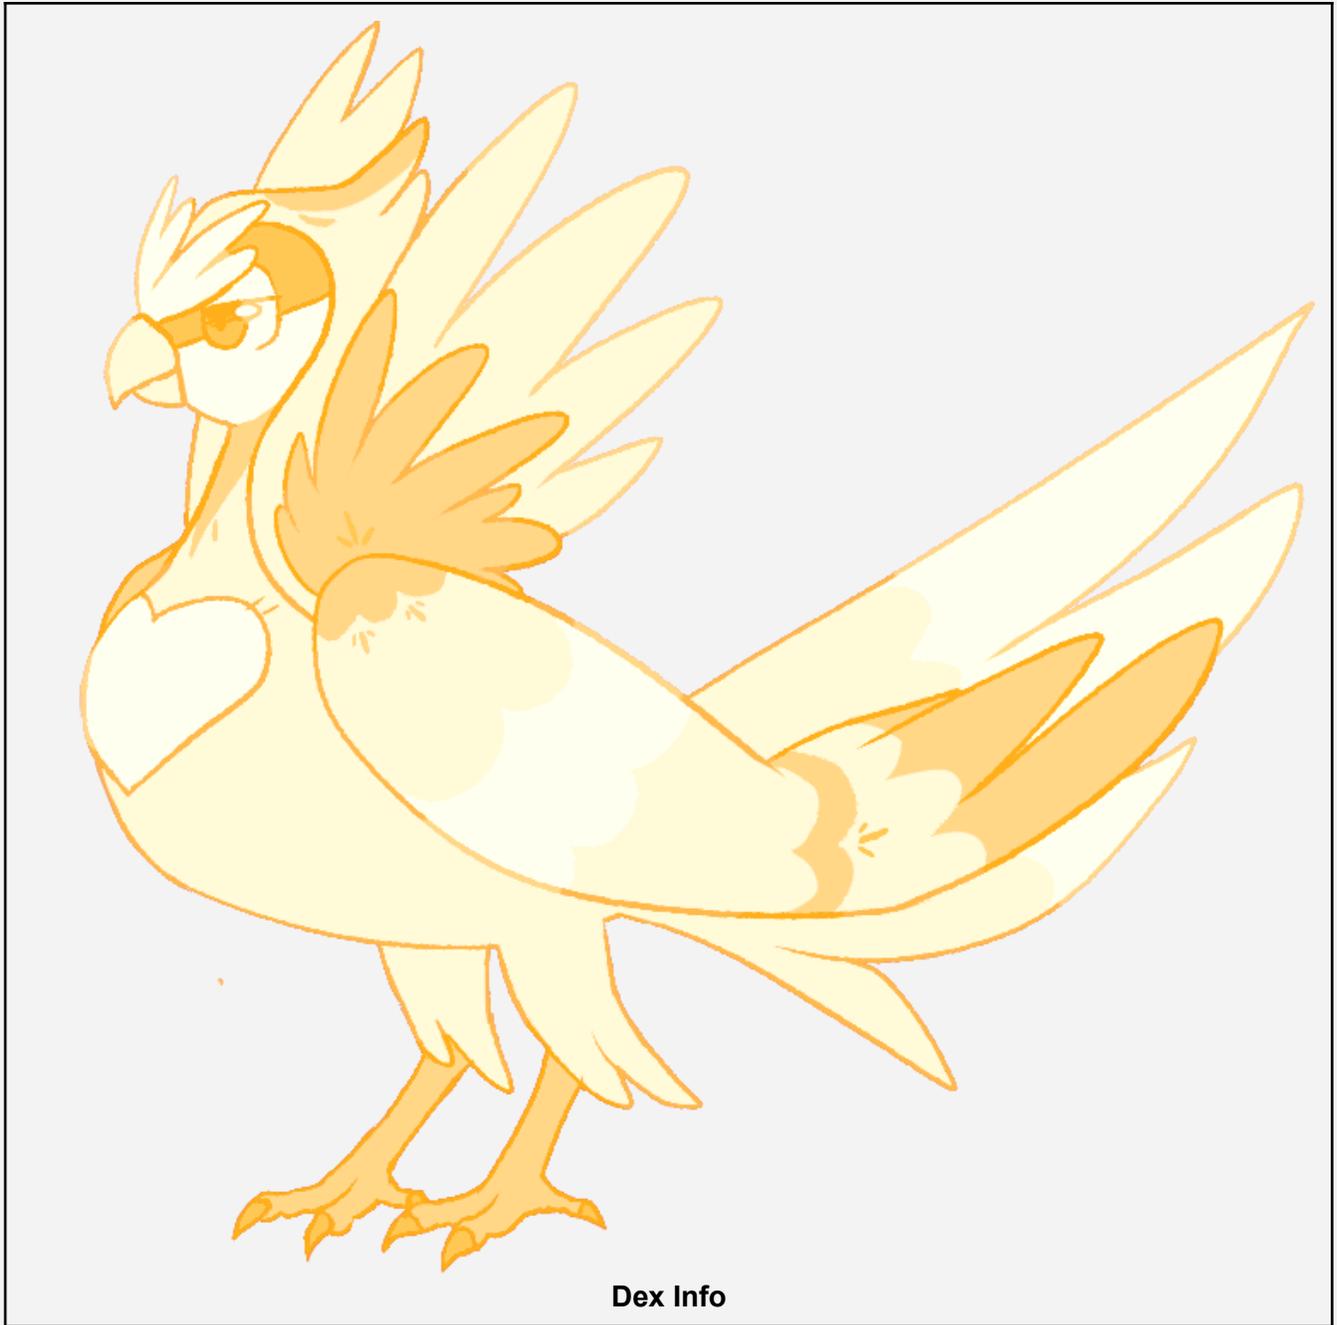

Dex Info

HC#108 - HC tranquil - Type: Psychic/Flying
Artist: created by stan.

Standard

Shiny

Dex Info

HC#109 - HC Unfezant- Type: Psychic/Flying
Artist: created by Stan.

Standard

Shiny

Dex Info

HC#110 - HC Tandemaus - Type: Fairy
Artist: created by Blightcaller

Standard

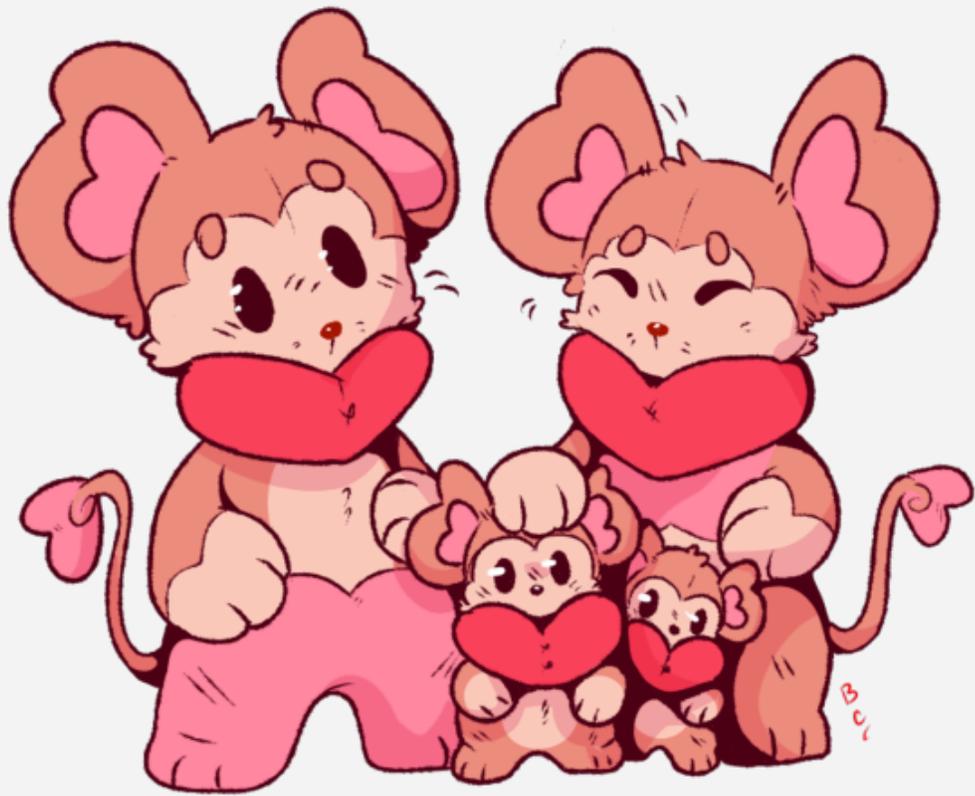

Shiny

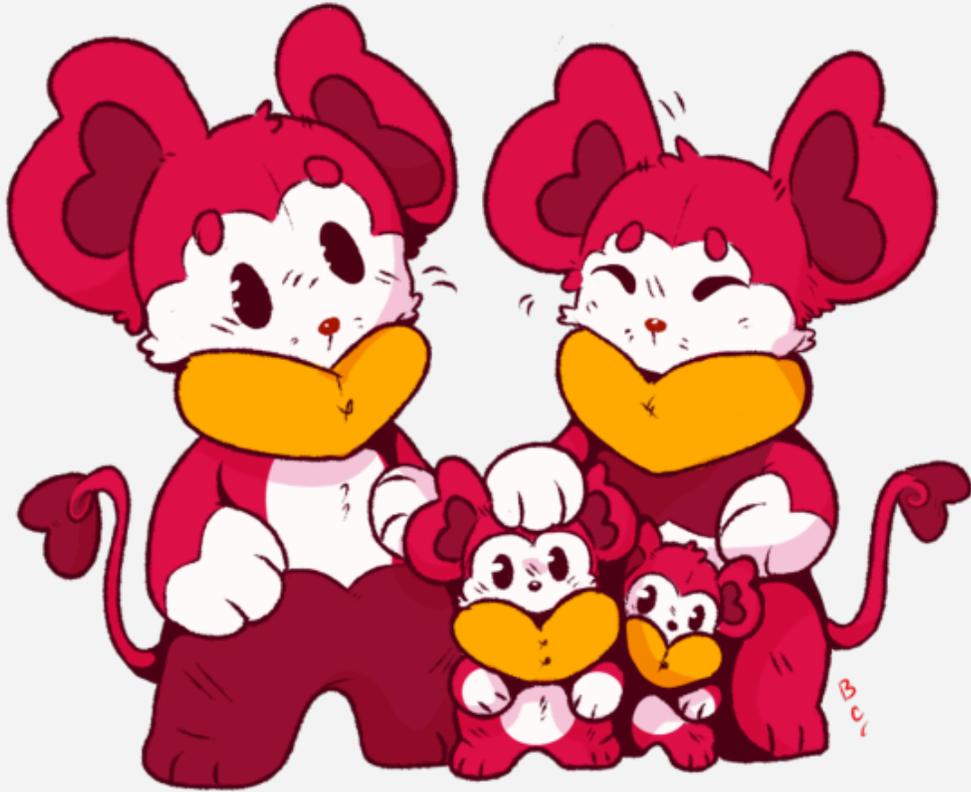

Dex Info

HC#111 - HC Maushold- Type: Fairy
Artist: created by Blightcaller

Standard

Shiny

Dex Info

HC#112 - HC Zubat- Type: fairy
Artist: created by metal sonic

Standard

Shiny

unlike it's normal counterpart, this zubat seems to be able to pick up on any emotions surrounding it! however, being in a crowd area can lead to this pokemon being overwhelmed due to being unable to handle so many emotions at once. some people say that spotting these zubats can mean good luck.

HC#113 - HC Golbat - Type:Fairy/Flying
Artist: created by metal sonic

Standard

Shiny

by the time they evolve, these golbats are able to control whether they sense people's emotions or not. they have a large appetite and a good sense of smell, so can be found by any nearby food places. they may sometimes lunge at unaware pedestrians in an attempt to steal food, but are not usually comfortable around people.

HC#114 - HC Crobat - Type:Fairy/flying
Artist: Metal Sonic

Standard

Shiny

after evolving from being loved by it's trainer, this crobat is able to spread positive emotions whenever it goes! they are drawn to negative emotions that they sense. this could make them helpful as emotion support pokemon but most newly evolved crobats are unable to control the spread of emotions, so most local people are wary of them.

HC#115 - HC Shaymin (sky forme) - Type: grass/fairy
Artist: created by centipedes

Standard

Shiny

Dex Info

HC#116 - Volt Charger (Paradox plusle) - Type: electric

Artist: created by Blightcaller

Standard

Shiny

HC#117 - Volt Drainer (Past paradox minun) - Type: electric
Artist: created by Blightcaller

Standard

Shiny

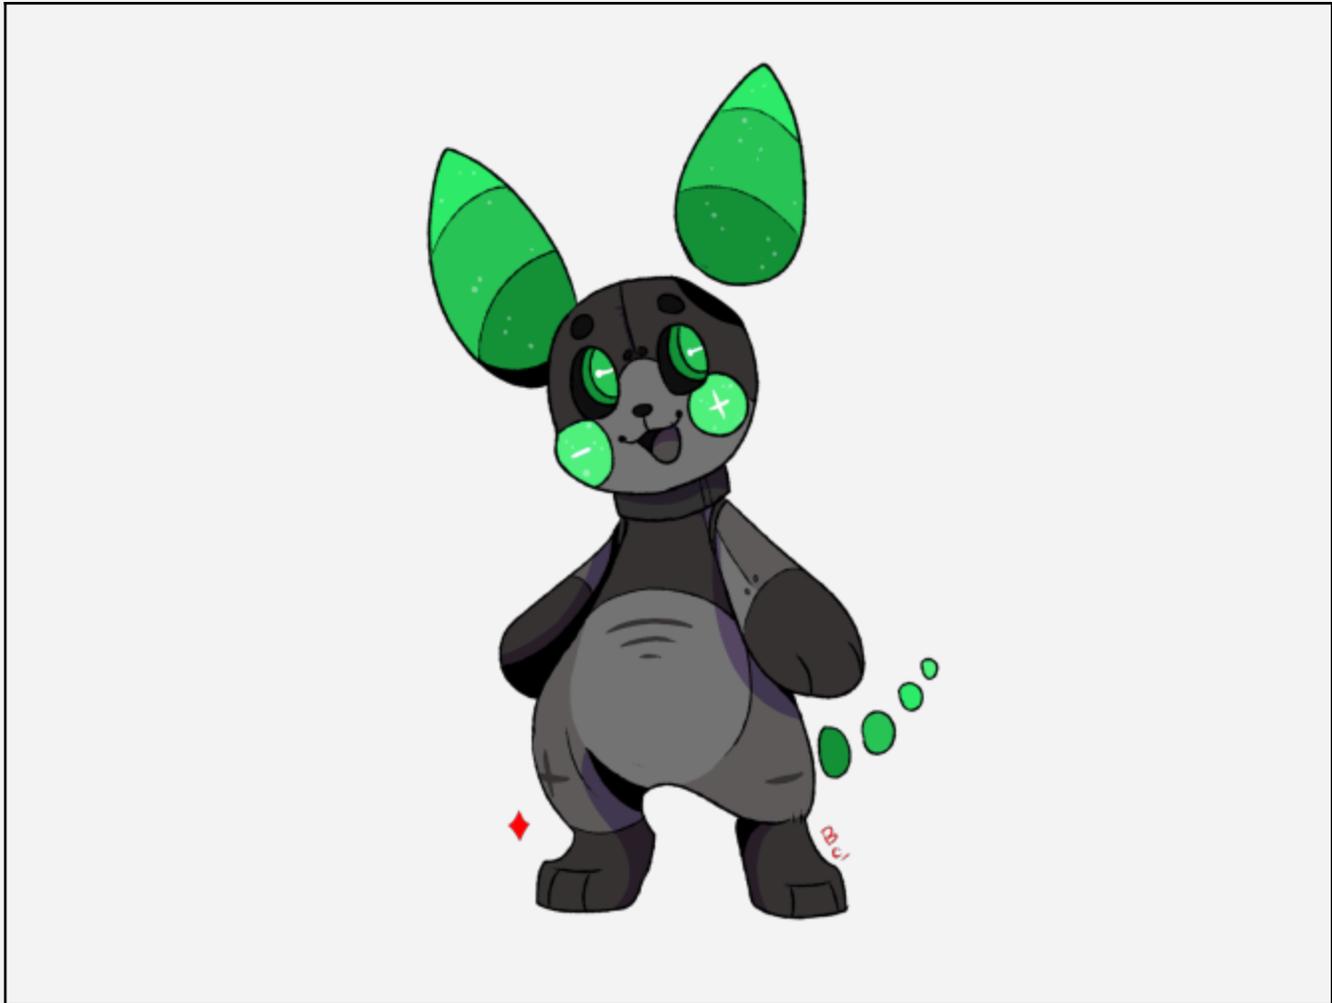

HC#118 - Iron Pulse (Future paradox Plusle + Minun) - Type: Steel/electric
Artist: created by Blightcaller

Standard

Shiny

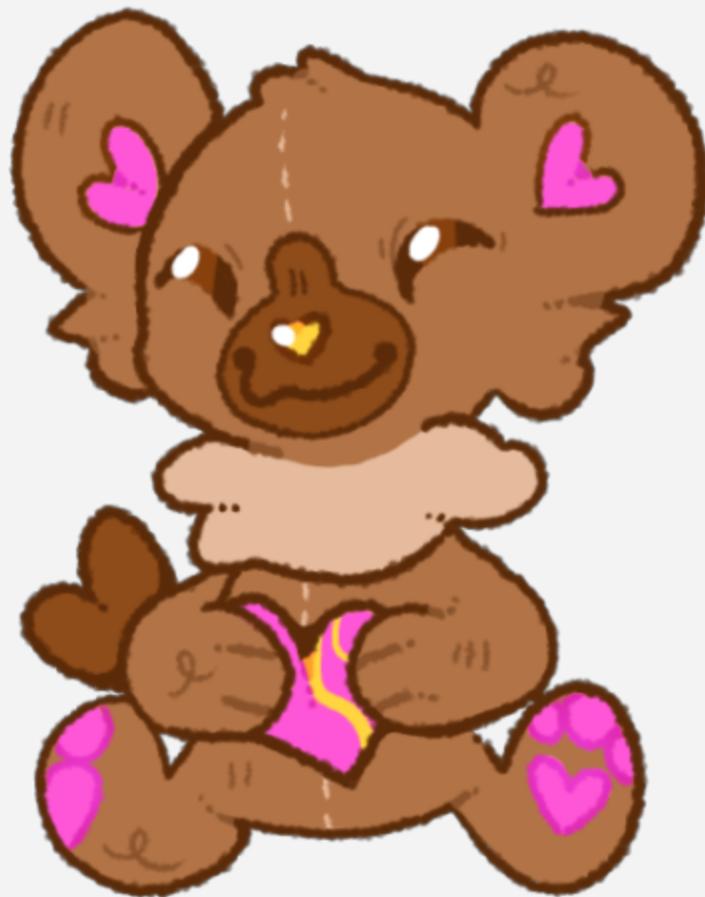

HC#119 - HC Cubchoo - Type: Fairy/Normal
Artist: created by googled

Standard

Shiny

This variant of Cubchoo holds on dearly to its plushie heart. It is very attached to it; people and pokemon that have a connection to a Heartcatch Cubchoo will be trusted to hold and touch the plushie. The more love the plushie absorbs, the more strength it gets to evolve.

HC#120 - Ursamour - Type: Fairy/Psychic
Artist: created by X

Standard

Shiny

The heart that Heartcatch Cubchoo holds eventually grows into a hard, shiny crystal. It uses this to conduct its newfound psychic powers. Ursamour often take on Cubchoo wards.

HC#121 - Eternal friendship Florges - Type: here
Artist: created by Velot

Standard

Shiny
