Positivity

In November, we've focused on the cornerstone of Positivity. With the stresses of school, with the uncertainty and loss that we have experienced with COVID, with shorter days and darker nights, this can be a challenging time for both teachers and students. It is more important than ever to embrace positivity. One way we can do this is by taking time to express genuine gratitude. With Thanksgiving break just around the corner, I would encourage you to please take time to thank a teacher, a principal, a bus driver, a cook, a secretary, a custodian, or one of the many other important people who make our schools a warm, safe, and caring place for students every day. A word of encouragement and gratitude can make all the difference in someone's life.

COVID-19 Vaccines

Last week, the CDC and FDA gave approval for children ages 5 and older to receive an age-appropriate dose of the Pfizer COVID-19 vaccine. If you wish to have your children receive this vaccine, please go to www.vaccine.gov to find local providers who have the vaccine available.
