

CLAW'S WISHLIST

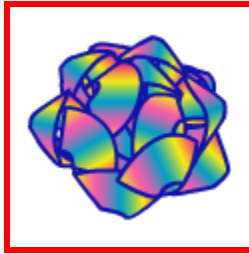

HI ALL!! This is my current Webkinz Classic wishlist :) This is not definitively everything that I want in the game but things I have seen that have struck my fancy. If you don't have anything on here, I would be down to browse what you have. Thanks for looking and of course message me with any questionssss! Also sorry about the formatting I am still figuring it out haha :)

Anything marked in this color means that I'm actively talking with someone about trading for it.

DISO'S - will buy most!
