PLEASE READ

If you want to order a commission, write to me via one of my socials or to email:
wtfmahariel@gmail.com with the theme: Commission.

In letter it would be better to indicate:

- Commission Type
- Characters reference:
 - Description (make it as detailed as possible)
- Visual Reference(if you have any): your character ref sheet, background ref, pose, etc.
- If you are not sure which commission type you want, i'll help you to clarify

SOME RULES AFTER I START DRAWING

- You may ask for WIPS and sketches during process (regular commissions);
- Normally I don't send WIPS of YCHes, but if you ask, there will be no problem;
 - I take 100% of price (**Boosty**), no prepayment;
- I am a human, so I can make mistakes - feel free to remind me or ask about your commission;
- Because of studying in programming school and complication of my drawing technique, drawing process might take me more than a week;
 - With YCHes there are 4 free fixes available, no more;
 - With a regular commission - 3;
- Artwork is not a subject to return and exchange, so after we approved the work done you can't ask for refunds;
