Career Objective

Full-Stack Developer with 3+ years of experience building scalable web and mobile applications using React.js, Next.js, React Native, and Node.js. Passionate about creating high-performance, user-focused products with modern UI/UX and animation. Seeking opportunities to contribute to innovative software and game development teams.

Technical Skills

Programming Languages: HTML, CSS, JavaScript (ES6+), TypeScript, PHP

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, SCSS, React Native, Three.js, Docker.

Backend Technologies: Node.js, Nest.js, Prisma, Express.js, Supabase.

Professional Experience

Full-Stack Developer | Alimcosoft PVT Limited

Sep 2024 – Present

- Develop and maintain web and mobile apps using Next.js and React Native.
- Collaborate on key applications such as a baseball app featuring player profiles, match schedules, and ticket booking.

Junior Software Developer | Topsol Innovative Solutions

Mar 2023 – Aug 2024

- Assisted and developing responsive web interfaces using React.js.
- Gained hands-on experience with team workflows and version control systems like Git.

Highlighted Projects

- **VitaFlow:** Personal finance application built with React Native, Expo, and Elysia.js, featuring expense tracking, monthly budget management, and salary monitoring. [View Project](#)
- **Wonderlist:** Travel platform built with Next.js and React Native for Web, Android, and iOS, successfully published on Google Play and the Apple App Store. [View Project](#)
- **BulletScout:** React.js application for comparing ammunition prices across vendors with advanced search, filtering, and shipping cost comparison. [View Project](#)
