Dear Grandma Linda,
I understand you're very busy, but for my Emerging Tech project we have to research and find information about our families. I was wondering if you could help me out with your side of the family i would appreciate it. If there is anything interesting about our family that I should know please feel free to include it along with the questions. If you could also provide any pictures of our family for my project it would be extremely helpful. Thank you for taking time out of your busy day to assist me with my project. I hope we get to visit you soon. I miss you and love ya lots. I hope your holiday season was amazing.
Love, Lexi
