

2025 NJSIAA G 2-3 Final Instructions

5/16 & 5/17/2025

FINAL INSTRUCTIONS

****Special request. If we can help out Delsea who does so much to provide by hosting this (and many other track) events. If we could keep their facility clean and thank their staff it would be greatly appreciated**

1. Upon arrival please go to clerking to Highlight your track athletes that you are declaring and scratch the ones that will not race. For the relays you will not at that time need to declare the 4 that will race. That will be done when the clerks check them in for their event. Please note that any athlete that is not declared (highlighted) will be considered a scratch. Once an event is seeded it is considered closed.
2. There are also live results for the meet and they can be found on the meet page. (and [HERE](#))
3. All track athletes will need to wear hip numbers. One on the left hip (for all races) and one on the left chest (for all non laned races). Track clerking is located outside of track on turn 1.
4. Blocks are permitted in all laned running events. (Trials and finals). Please have your athletes bring their own blocks they are not provided for the athletes.
5. Field athletes are to check in at the event area when it is time for their event.
