

# Paper Plate Ring Toss

You will need:

- 6 paper plates
- 1 paper towel tube
- Scissors
- Tape
- Paint and paint brush

Step 1: Paint one paper plate and the paper towel tube. This will be your base for the ring toss.

Step 2: Paint the outside ring of the rest of the 5 paper plates. These will be cut into your rings. Have fun and be creative when painting!

Step 3: Once your paper towel tube is dry, cut 4-6 slits that are a half inch long.

Step 4: Fold the tabs outward on the tube and tape them onto the center of the base plate.

Step 5: Once the other paper plates are dry, cut out the center of each plate.

Now it is time to play ring toss! Have fun tossing your plates to see how many times you can make it. \*If your plates are too light to toss, you can tape two plates together to give it some weight.
