

to me:

Name: Melih

Age: 17

Nationality: Germany,Turkey

My Accounts:

- Melih Neko (17119)

- Yuna Neko (35341)

Where im banned?

Im banned on both my Accounts.

Why i got banned?

i got banned because another Social Club Account logged in my Grand Account but i never knew from the Access on my Grand Account before i got banned.

I am writing this resignation proposal because I miss playing with my friends on GrandRP, it was like a ritual for us to start playing right after work until late into the night to take the last investments.

I love Grand very much as there is not a single server that can reach Grand the water, Grand is very special and community friendly and has the best concept and Systems for Events or Familys & Gangs.

We were just in the process of building a Japanese family that was not only looking for Gambo to promote the RP on grand and to be able to offer more RP situations, we had a lot in mind only then I was unfortunately banned and my members do not want to do it without me.

But unfortunately i got perma banned on my Accounts and can't help my mates to build the Family..

now i miss my Friends and they miss me because i spent long times ago on Grand and i loved it to play because the Features and the Events and other things. It was never being Boring.

I ask for contempt, I am aware of my mistakes and will now take more care of my account because I myself am responsible for the account.

King Regards

Melih Neko, Yuna Neko
