Everything seemed to be going well for Weather Lord and his wife, Olivia. They left their homeland to enjoy a vacation, but when they arrived, their island destination was in ruins! Without warning, Olivia got sucked through a portal and the gateway closed, spiriting her away to an unknown land! But our hero will always find a way to make things right. Now you must call upon the gods of Olympus to help you rescue your beloved, before all hope is lost!

Wield the power of the sun, the wind, the rain, and more as you face towering obstacles, encounter strange enemies, and repair a ravaged land. Manage your resources well, and victory will be yours. With each thrilling step you take, you'll gain powerful new bonuses and then encounter fresh challenges that require you to use them in clever ways. You'll also rebuild villages, engage in trade, and interact with fabled Greek gods. The Collector's Edition includes:

- Hours of compelling game play!
- Wallpapers, music, character bios, and an exclusive mini-game!
- Step-by-step walkthrough of the game included
- Featuring a huge bonus chapter!
