

STATEMENT OF ARTIFICIAL INTELLIGENCE (AI) USE

(Please fill the form and attach the file in the moment of submission)

Manuscript title:

Full name of authors:

Journal name:

1. Was AI used in the production of the manuscript?

Yes

No

If the answer is no, please leave the following sections blank and sign your name at the end of the form. If the answer is yes, please complete all sections below.

Steps of the process in which AI was used (please mark all options that apply):

Grammatical and/or linguistic revision

Translation of texts or citations

Transcription of interviews and/or speeches

Data analysis (ex.: thematic classification, feeling analysis)

Generation of images, graphs or figures

Assisted literature review

Formatting and/or standardization of references

Others (please specify): _____

Tool(s) used (name and version, if available):

Ex.: Grammarly (v. 14.2), DeepL Translate, ChatGPT-4, DALL·E 3, etc.

Answer: _____

Brief description of use:

Please explain how AI was used and the degree of human intervention in the review or validation of generated content.

Answer: _____

The AI-generated content has been verified regarding:

- Factual accuracy
- Absence of plagiarism
- Conformity with copyright laws
- Linguistic and/or cultural adequacy
- Bias and/or discriminatory discourse (of race, gender, territory, etc.)

The authors state that they have reviewed and validated all of the AI-generated content before submission.

Use of data belonging to third parties (images, speech, text) with AI:

- Does not apply
- Content belonging to third parties has been used with their authorization
- Content belonging to third parties has been used without identification (justify):

Authorship and responsibility:

We/I state that no artificial intelligence tool has been listed as co-author of the manuscript and that we/I take full responsibility for the final content of the manuscript, including accuracy, originality, and ethical compliance.

Date: /// _____
