What's Happened since HHS: "The Good, The Bad, The Ugly"		
<u>Received a Degree in English from the University of Texas at Austin. It was the only subject that I could pass. It was difficult to leave Austin in the 70's, but I migrated to the Texas Panhandle, where sanity prevailed. My ability to write a coherent letter landed me a job with an oil company. I have been in oil and gas exploration for the last 35 years. I have enjoyed some notable accomplishments, but too few to mention. And, they are quickly offset by life's expected failures and disappointments. I've lived life the best I can. There have been a few bumps and scrapes along the way, but I emerged on the other side with many good friends. I must have done something right.</u>
