Lesson topic: Virtual field trips

Description: 1. When the bell rings, give the students information on a certain place.

2. See what they know about that place or time before doing research.

3. Have students do research on that place.

4. Have a class discussion.

5. Show how to use the virtual field trip website.

6. Watch the students and see if they have questions.

7. After the students have gone through the field trip, have a discussion on what their favorite place was or what they learned.
