Sean Manning, presenter MAEA Spring Conference

Hands-on Presentation: Alcohol Markers and Inking Techniques for professional results.

- What is an alcohol Marker and why do we use them?
    - Brands and preferences
    - How they work
    - To spend or not to spend?
- What is my process?
    - Drawing out the subject
        - What substrate I use
        - What pencils I use
        - How to prep for the marker
    - Marker work
        - Tint color, Base color, and shade color
        - How I lay down the color
        - To blend or not to blend
        - Using grays and neutrals
    - Inking the picture
        - Why inking comes last
        - Inking pens and markers
        - Special techniques
        - Color inking
- Questions and practice
    - Student practice will happen throughout the demo during breaks in the explanation
    - Questions will be fielded on the spot and any time
    - My hope is to be sponsored by Blick Art materials for some supplies for attendees
- Technology (I will provide most)
    - iPad and stand for iPad
    - Projector
    - Possible microphone, depending on room size
    - Various cords and hook ups
