FOLDER	CONTENTS	EDMS
Top PRR folder		CERN-0000277286
Overview	● Master document (overview and links) ● Documentation index (this file) ● Answers to charge questions	CERN-0000278248
Design and prototyping	• TDR update • Prototyping at NP04 • Prototyping at IFIC • Lessons learned • Sensor distribution and cryostat port usage	CERN-0000278133
Requirements, recommendations and risks	• Requirements • Recommendations from previous reviews • RIsks	CERN-0000278231
Interface documents	• HVS • I&I • Other CALCI subsystems	CERN-0000278031
Components, procurement and cost	• Cables • Connectors • RTDs • Flanges • Readout components	CERN-0000278246
Production and QAQC	• Pre-production • Schedule and staffing plan • Procedures, hazards and storage • QAQC	CERN-0000277289
Mechanical	• 3D models for all subsystems • 2D production drawings • Integration 3D models • Cable lengths	CERN-0000277290
Electrical	• Safety document • Schematics • Wiring diagram • Grounding and shielding	CERN-0000277287
