Harvard Fellowships for Persecuted and At-Risk Scholars, Artists, and Writers

Point person: Jane Unrue -- janeunrue@gmail.com

The Scholars at Risk fellowship is intended to provide a safe environment for a scholar to pursue research and scholarly or artistic interests; it is not envisaged as an opportunity to mobilize political support on the issues giving rise to the scholar's predicament (though such activity is not excluded). At present, Harvard's Scholars at Risk fellowship, which lasts for a maximum of ten months, provides stipend, insurance coverage, and travel (depending on the location of the scholar and the number of dependents). At the end of the fellowship period, fellows will have to return to the home country or seek placement elsewhere. From the time of arrival, Harvard SAR engages with fellows to explore possibilities for next steps and to work towards securing accommodation for the post-fellowship year.

HUNGARY

MOME University in Hungary announced supporting people, especially but not only art and design students arriving from Ukraine. More info here and below:

<https://mome.hu/en/hir/811/a-mome-is-szerepet-vallal-az-ukrajnabol-erkezok-segiteseben>

Those in need should write here: hotline@mome.hu

In an effort to provide relief, the University is contributing its resources, spaces and opportunities to aid people arriving from our Eastern neighbour in collaboration with its strategic partners the Hungarian Red Cross, the Hungarian Charity Service of the Order of Malta, and the Hungarian Reformed Church Aid. MOME is therefore making the following commitments:

As of today, MOME campus and dormitory are opening their doors to all people fleeing the war in Ukraine, providing them with housing and food.

MOME is opening its ongoing courses to refugee design and art students to enable them to continue their studies, and have their credits accepted by their own universities after the war. MOME will automatically grant scholarships to Hungarian Transcarpathian and Ukrainian students for its (Hungarian and English language) academic programmes starting in September.

MOME OPEN, MOME's adult training programme, is offering free spots to refugees for its live and online professional training courses.

MOME's education experts are launching creative activities for the children of refugee families arriving to Budapest, and providing a rapid creative preparation course for teachers working with refugee children.

The Prince Claus Fund

The Prince Claus Fund extends its solidarity with Ukraine and deplores the violence of the Russian Government against the Ukrainian people. Together with our global network, we stand with our Ukrainian partners, friends, Awardees and all the victims of the war. The Prince Claus Fund supports artists and cultural practitioners who work towards a more inclusive future, based on human values of trust and respect, where there is no space for the racism, hate, the enormous suffering and cost to human life that such violence brings.

We are concerned over the illegal destruction of all forms of cultural heritage in the ongoing military operations and urge full respect for international humanitarian law. Our Cultural Emergency Response programme is on standby to offer expert advice and first aid to cultural heritage that has been damaged or is under threat. Requests for assistance to protect heritage can be sent to cer@princeclausfund.nl, or you can simply reach us via our social media channels.

In addition, the Prince Claus Fund Network Partner [VCRC/Kyiv Biennial](#) has launched an emergency support initiative for the cultural community of Ukraine in need. Borderland Foundation, Krasnogruda

Шановні українські друзі!

Від імені команди Borderland Foundation, ми хочемо висловити нашу солідарність і підтримку Україні сьогодні. Наш Міжнародний центр діалогу «Красногруд» колись був місцем наших спільних програм, зустрічей та творчої співпраці. У цей важкий час ми хочемо, щоб це був простір, який міг би стати для вас хоча би тимчасовим притулком.

Ми розуміємо, що більшість із вас хоче і має залишатися в Україні, але для тих із вас (і ваших сімей), які потребують таких можливостей, ми хотіли б перетворити нашу поточну програму проживання, присвячену художникам, письменникам, перекладачам та культурним діячам, та пристосувати її до ваших потреб.

Ми можемо запропонувати проживання на місяць, робоче місце та стипендію в розмірі 1000 євро. Ми готові прийти вас із сім'ями.

Красногорида розташована на польсько-литовському кордоні. Ми співпрацюємо з Borderland Center, розташованим у найближчому місті Сейни. Як команда Borderland Foundation, ми використовуємо різні мистецькі та освітні інструменти для роботи з місцевою спільнотою та міжнародними партнерами в напрямку міжкультурного діалогу, розбудови громад та соціальної трансформації. У Красногоруді ми ведемо різні лабораторії, побудовані на симбіозі мистецтва та освіти, під керівництвом досвідченої команди художників, діячів культури та педагогів, які розробляють театральні вистави, концерти, фільми, виставки, книги та інноваційні освітні програми. Ось наш веб-сайт: www.pogranicze.sejny.pl

Будь ласка зв'яжіться: weronika@pogranicze.sejny.pl

Ми будемо раді прийняти Вас і підтримувати будь-яким чином.

Dear Ukrainian Friends,

As Borderland Foundation team we would like to express our solidarity and support for Ukraine today. Our International Center for Dialogue Krasnogruda used to be a space for our common programs, meetings and creative cooperation. In this difficult time we want for it to be a space that could serve as at least temporary shelter for You.

We understand that most of You want and have to stay in Ukraine but for those of You (and Your families) who are in need of such opportunities we would like to transform our current residency program dedicated to artists, writers, translators and cultural animators to adjust it to Your needs.

We can offer accommodation for a month, work space and a scholarship in the amount of 1000 euro. You are welcome to come with families.

Krasnogruda is located on Polish-Lithuanian borderland. We are cooperating closely with Borderland Center located in the nearest town - Sejny. As Borderland Foundation team we are using different artistic and educational tools to work with local community and international partners on intercultural dialogue, community building and social transformation. In Krasnogruda we run different laboratories, based on the symbiosis of art and education, led by an experienced team of artists, culture promoters, and educators developing theatrical performances, concerts, films, exhibitions, books, and innovative educational programs. Here is our website: www.pogranicze.sejny.pl

We would be happy to host You and support in any way we can.

Museum of Modern Art, Warsaw

In the last days, our team at the Museum of Modern Art in Warsaw redirected its resources to provide humanitarian aid to people fleeing the war in Ukraine. At the moment our facilities are used as a sorting office for medical aid, which is shipped directly to a hospital in Ukraine.

As of today, we have launched three-month long paid internships for 15 Ukrainian refugees. Together with our Ukrainian partners in Warsaw we are transforming our facilities at Pańska 3 street to a Cultural and Integration Centre for refugees fleeing the war. In a partnership with major humanitarian aid and pro-migrant NGO, Fundacja Ocalenie, the Museum will host an auction of artworks with all the proceeds to support refugees
