 - BCLS: Path to Purpose program
 - Join us for our LAST virtual info session to learn how you can lead community-based projects and make a difference! Through Path to Purpose, you have the opportunity to collaborate with local organizations, develop valuable skills desired by employers, and build your professional portfolio.
 - Friday, August 30th on Zoom from 4-5pm to learn how you can create an impact in your community.

Path to Purpose **Community-Based Projects**

A year-long program empowering **YOU** to create positive change in your community. No matter your major or experience, you will lead your own project on an issue you care about.

◀ **GAIN** real-world experience collaborating with local organizations on impactful projects.

DEVELOP valuable skills in project management, communication, problem-solving, and more.

BUILD a strong network of like-minded peers and local leaders committed to creating positive change.
