

The Background info:

Fungasm is a 29-year-old animator who was exposed for allegedly grooming multiple minors in around 2018. He got access to these children from a now-deleted Discord server for the now-deleted Fanime Mari Mari Cutie.

Originally he begged for the video not to be made, claiming that he was drunk when the grooming occurred. Then, after the videos were made on him, he went to Twitter, passively implying the accusations were false while also claiming to be taking responsibility and attempting to emotionally manipulate his audience (addressed here https://www.twitlonger.com/show/n_1sr7ub5- (what he's addressing <https://twitter.com/Fungasm/status/1250163623600758784> and https://www.twitlonger.com/show/n_1sr7c1p)

Eventually, he began to flat out say that the accusations are false and put the focus onto how he previously drew loli hentai and some drama that happened a few years back with his ex (which is completely irrelevant and I genuinely have no idea what he was talking about but https://www.twitlonger.com/show/n_1sr98cf). At one point he tried at one point to claim that his Discord was hacked, but this was quickly disproved by multiple people

He fought with me (Skadeet) and Simmi the most in the replies to his tweets, before blocking us and anyone else who attempted to call him out.

Our twitters were just used for achieve of fungasm's shit

To this day he continues to talk about the situation, painting himself as the victim on his old account and posting art under a new name (<https://twitter.com/GloveGhost>)

Not even a few hours later from my initial post

Who is Fungasm?

He used to work with famous YouTubers on animated videos (linked above). He would use his e-fame with animation to groom children who also were interested in animation.

The Grooming:

I asked one of the victims if I could have access to his account so I could screen record the chat:

<https://drive.google.com/file/d/1A0Pf9jPPQhNj1McVafliBVN7fn9B-pbx/view?usp=sharing>

In this video, there's many things to dissect so I will try to go through as much as I can

0:01- Age of fungasm at the time: 27 years old

0:04- Age of child- 13 years old

0:15- fungasm asks child about love life- lovebomb child

0:21- fungasm introduces his interests of drawing lewd art to child

0:37- fungasm talks about sexuality

0:42- weird flirting

0:52- child asks about fetishes- fungasm, the 27-year-old tells the child in detail what he likes instead of telling the child about boundaries.

0:53- asks a 13-year-old what they like sexually

0:57- "sex is fun, I promise <:"

1:02- "you probably wouldn't want to date me at all?? You'd probably not be into older guys like that anyways lol"- and then process to continue to love bomb child

1:11- "its alright i like perverted girls >:"

1:18- INTRODUCES MASTURBATION- ASK ABOUT PREVIOUS EXPERIENCE WITH IT. AND ENCOURAGES CHILD TO PARTICIPATE IN IT

1:25- child tells fungasm that they have not had any sexual experiences "I am giving you homework then masturbate sometimes soon. Have fun ;3c" child says " I havent hit puberty"

1:34- keeps encouraging the child to masturbate and says he does it alot

1:37- introduces drawing nsfw

1:39- child talks about the chest size of another child, who is 15 years old- he responds "nice"- classy

1:42- its weird, its just weird

1:45- love bombs

1:46- "Whats your favourite thing to do when you are bored"- child that is 13 asks, "masturbate"- fun at the age of 27 responds

2:00- "don't mind an older man treating ya nice then? ;3 cutie"

2:14- "just lick it off <:"

2:26- brings up masturbating again

2:57- his discord

Anyways my time stamp doesn't do it justice, it's just things you should look through when going through the video.

Him talking about the situation on his discord:

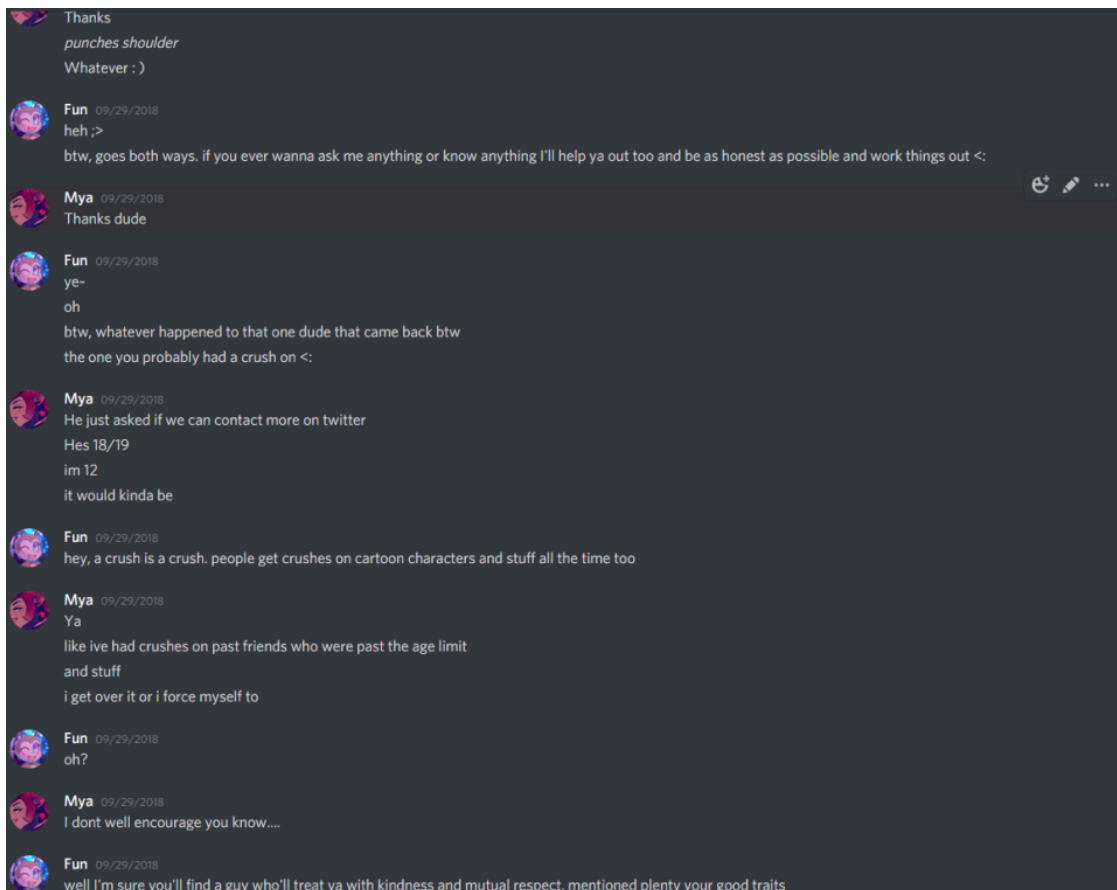

<https://drive.google.com/file/d/1oShrScRQnFaSWZAFJxcQHQe1nMD45G7P/view?usp=sharing>

This was someone off of Twitter, they used an alt account to get into his discord server. They talked about Nicole's old video as he tries to make up excuses.

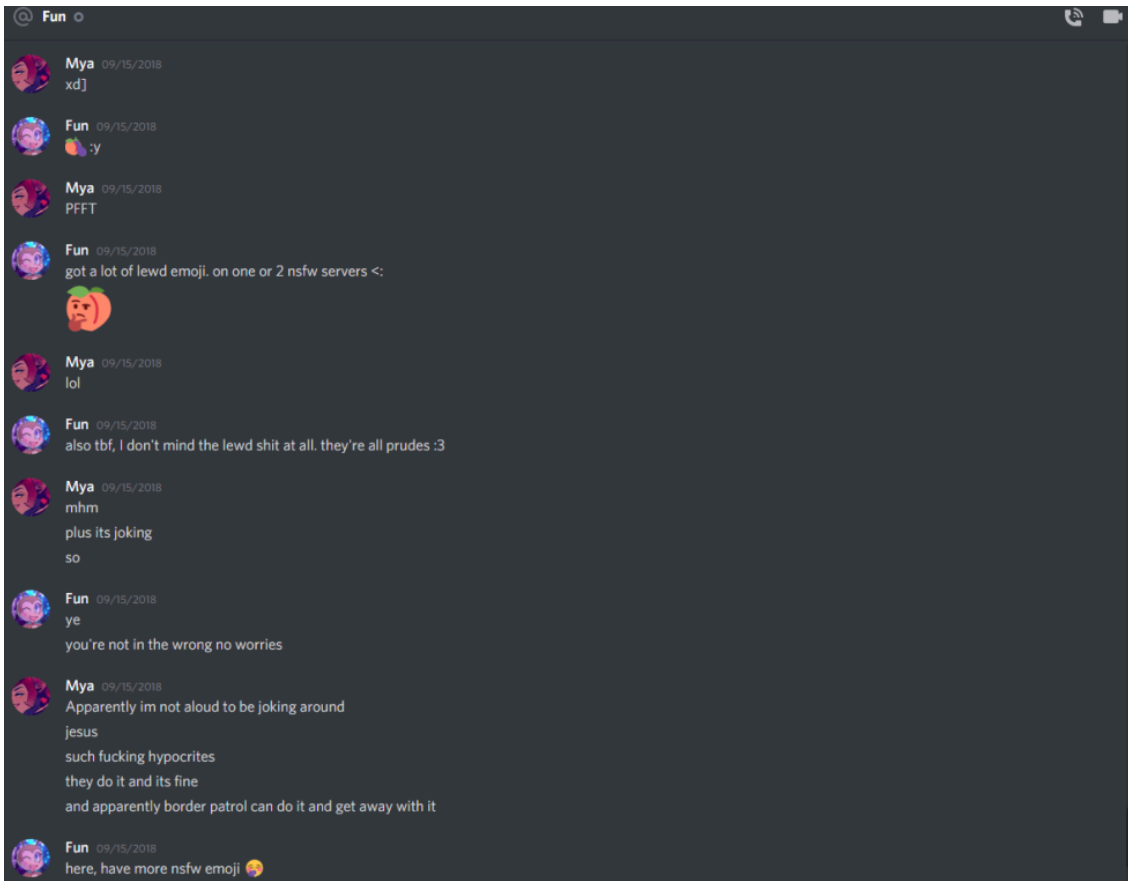

Fungasm, realizing there was no way out the situation completely deleted proof from one victim, luckily he couldn't find the other so their chat was completely untouched.

Also, fortunately, many of us screenshotted the chat before he started to delete everything, you will have to take our word for many of these as I know screenshots are usually not enough for many people.

Fungasm grooming another child (Screenshots):

Fungasm admitting the child's age and I think the screenshot itself is very telling of fungasm's mindset. It's similar to the Vix situation where he tries to tell the child that they are more mature than their age.

Fungasm suicide baiting:

**Fun** 

can I ask that the video please not be remade? I know it's important that the topic is addressed, but I kinda feel it would bring more harm to more, when I'm already trying to take care of my mental health. I really don't want that stress

I can promise you updates to my therapy going forward, and not contacting, etc

I understand the situation and I'm really not denying it. I agree I deserve to own up to my actions

**<3Levi<3** Today at 03:47

I would argue personally that not addressing it on a public form would cause more harm.

**Fun** Today at 03:48

and I feel the best way to do that is to not ruin the one thing I have, is my art. my online status is very closely related to my artwork. please don't take that away from me. I already deal with suicidal depression, family issues and a load of other stresses I'm under currently due to the virus epidemic.

then what if I just delete my online presense? would that work for you?

I already ban and keep minors off my nsfw, which is segregated from my normal art

**<3Levi<3** Today at 03:52

trust me the people will separate the art from the artist, I think personally i will do more research on this topic before coming in on you.

my points here r easy

I was always planning to make the video no matter what you were going to saying

What you did in the past was manipulative, it shows a pattern of behavior

I dont take pleasure from ruining someone's life but honestly i feel like i need to have this done, not only for me but for the victims

NEW

**Fun** Today at 03:52

Also, I kinda feel the video would give any minors who do follow me a window into seeing nsfw stuff they shouldn't, etc. I'd rather not do that to uninvolved people. I'd rather I just keep a strict self discipline, self help like therapy, do charity work, etc. Having the video up would literally give room to ruining any future opportunities I may get. It would in fact ruin my life

I agree I deserve to make amends any way I can, but please let me keep my art and online presense

it's legit the only thing I have, and the only thing that has kept me live through my depression

I take care of a sickly 70yo mother in nyc atm, I really can't afford that on top of everything

I lost all my friends and art connections when I was outted last, and a big blow like this would actually drive me to suicide.

I need my art

keep u accountable for being a good healthy person in rl, we cant see what u are doing at the moment or if this is indeed a pattern of behaviour u do. like i said i would like to see those stuff u said u could show me, to see that ur improving like rn aat this moment. that u arent the same person as u were before

this video isnt about u mainly

its for the victims

**Fun** Today at 04:37

That's why I'm asking to be allowed to keep myself accountable, and give updates regarding therapy and anything else you may want to confirm I'm taking care of things on the right track. You guys brought this to my attention and was a right thing to confront. It's good that we've been discussing it. and for any therapy stuff I'd have to wait til I see them next to show you progress on my mental health stuff.

I understand that, but having the video up will do more harm than good in the long run. I understand they want a conclusion to all this. But I really think the more healthy thing to do is let me deal with it first. I'll out myself and make a video about the topic in the future, but I need to make sure I'm in a good spot mentally to do that.

I haven't been making content past twitter pencil sketches for 2 years now

and when I start up again, that will be the video explaining all this and the warnings that come from it

please give me a chance to show I mean what I say

putting a video up would take away giving me a healthy chance to show I'm improving after this

especially if people use the video to harass me. Which my exes post did plenty of already. I can't imagine how much worse a video would be

the internet never forgets. Please let me handle my own shaming. As I said, I want to make amends. I can never fix what I did, but I can put myself on the right path as a result of all this. A result of you guys confronting it.

I caused harm, I'm sorry in every way possible. I agree and acknowledge what I did was awful, gross, and unacceptable. Please give me the chance to show I can take this situation to learn from, put myself on continued therapy and self-care, do some charity work (especially in ny, it needs it right now) and prove to you that you addressing this situation has a positive outcome of me correcting myself. I don't want this to ever happen again and I'm terrified that it did in the first place. It scares me knowing I got that low

04:48 that video being up will do way more harm than good. You want awareness and prevention of anything like this happening again, I can promise you that without a video about me. I promise I'll make a video on the topic when I'm able to. I'll even link you when I do. Let me learn and grow from this and prove that your actions helped me to acknowledge what I did, and pushed me to being a better person

sorry for typing so much

Present-day: Mari Mari cutie involvement

The video discussing fungasm's grooming in a server called Mari Mari cutie was reported by the

Nicole's script:

https://docs.google.com/document/d/1xFXJPD7C0e8zSyy4CujZjxyd4He_D2s7UL3nqGIR2KQ/edit?usp=sharing

Nicole deleted her account on youtube after her friend also came out as a pedophile, who groomed one of her friends.

This video explains the whole situation (sorry for the quality, we aren't YouTubers but we discussed the situation pretty well)

Nicole deleting the videos with the victims which were not recorded at all so the accounts directly from the victims are forever lost.

Present-day fungasm:

STILL TALKS ABOUT THE SITUATION CONSTANTLY. TRYING TO DOWNPLAY THE SITUATION

Since he blocks just about anyone who speaks out about the situation or tries to question him about it

Openly mocked the accusations
