**Keywords:** gym equipment brands  
commercial gym equipment brands

**Meta title:** We Proudly Service a Wide Array of Gym Equipment Brands

**Meta description:** Fitness Machine Technicians is your trusted source for preventive maintenance, equipment repairs, and more services for a variety of gym equipment brands

## We Proudly Service a Wide Array of Gym Equipment Brands

With years of fitness equipment repair experience and more than 40-plus franchise owners operating in over 100 territories, Fitness Machine Technicians is your trusted source for preventive maintenance, equipment repairs, and more. We currently provide services to residential and commercial customers in 27 US states and three Canadian provinces. We're the only national provider offering both fitness equipment repair and preventive maintenance services for an array of gym equipment brands.

Our vision is to be the largest provider of service, repair, and preventive maintenance for all types and brands of residential and commercial fitness equipment. Fitness Machine Technicians are corporately trained to service an array of brands. Additional certifications are provided directly from the manufacturers, which provides our technicians with the confidence and knowledge to work on any type of equipment while staying up to date on the latest technology and maintenance trends.

### Brands We Service

Fitness Machine Technicians are authorized to service equipment and sell parts for the industry's major brands and manufacturers. Our technicians are trained and certified to service equipment based on specifications from the manufacturer for a variety of residential and commercial gym equipment brands.

Our extensive experience gives our customers the peace of mind that their equipment is in good hands. No matter the brand, service, or type of equipment, Fitness Machine Technicians has you covered.

As the nation's most experienced fitness equipment service provider, Fitness Machine Technicians is a trusted service provider for more than 40 brands, including:

## Our Services

Fitness Machine Technicians can provide a variety of services for your equipment. Our services are designed to improve the life of your equipment, help reduce liability, and improve user safety.

Fitness Machine Technicians can provide the following services:

- **Equipment Repair.** Machines can be complicated. We'll get your machine up and running in no time! <<Request A Tech button>>
- **Preventive Maintenance Services.** Keep your equipment running its best with a preventive maintenance program. Avoid downtime and major equipment failures with a service contract. <<Gym Maintenance & Repair button>>
- **Assembly & Disassembly.** Need help putting your machine together or taking it apart? We have your back with assembly and disassembly services. <<Assembly/Disassembly button>>
- **Commercial Installations.** If you're a gym, health club, or physical therapy center owner, we'll make sure your machines are installed correctly to ensure client safety. <<Gym Equipment Installation button>>

At Fitness Machine Technicians, our technicians go above and beyond to ensure 100% customer satisfaction. Once your service is complete, we perform a safety check, disinfect high-touch areas, and apply lubricant if necessary. Let us properly service your machines to extend the life of your equipment and ensure your facility is operating safely.
