Our expert staff is qualified to lead the following activities at \$30/hour per instructor: (we aim for a 1:12 instructor to participant ratio to ensure quality and safe experiences. This may vary depending on the age range of the participants.)

**Guided Day Hikes** - This is what we do best! With over 1,200 acres of land and 3-miles of trails, our instructors can lead you through this beautiful landscape across creeks, on top of mountain peaks, through fields and valleys and even amazing mountain vistas.

**Guided Mindfulness Walk** - Join our nature mindfulness guide on a slow-paced wander through a beautiful area of Cal-Wood, and leave feeling refreshed and relaxed. We'll take our time exploring and connecting with nature together through sensory experiences, creative and playful activities, and quiet reflection. Let us customize a memorable and inspiring experience based on your group's goals!

**Guided Night Hikes** - Using only the stars, moon and the knowledge of the land, let our instructors guide you on a night hike where we can: teach astronomy, lead games teaching about nocturnal wildlife & eyesight, and/or lead solo hikes or silent sits on this unique experience without lights.

**Colorado History w/Pioneer Cabin** - On our property we have a cabin built in 1901 where people who acquired land from the Homestead Act lived off the land many years ago. Cal-Wood is booming with homestead and mining history. Choose to explore our pioneer cabin combined with a history lesson or a hike to nearby mining exploration pits!

**Archery** - Take a lesson on how to shoot a bow & arrow combined with free time to practice shooting targets and an optional competition at the end! Activity for any age. (Seasonal) (please allocate 2 hours for this activity)

**Fishing** - Take a fishing lesson for any age and practice in our pond that gets fully stocked every summer. (Seasonal)

**Survival Skills** - Learn how to build fires, shelters and navigate using a map and compass. Work in teams to practice these skills and even an optional competition at the end!

**Orienteering** - Learn how to use a map and compass and navigate our orienteering course like a scavenger hunt, finding 8 different points on a map to complete the challenge. Work together as a team or individually as a competition!

**Campfire** - Our staff has a repertoire of campfire songs and skits to make a fun-filled classic camp-style evening around the campfire. (Fire-Ban dependent)

**Tree Climbing** - Led by Tree Climbers Colorado, this magical experience includes learning how to climb a tree with a harness and rope, with the opportunity to experience what it's like to be up in a tree, climbing branches, and seeing the world from an entirely new perspective. The certified leaders also provide a wealth of knowledge about trees and their importance in our environment. \*\*\* This activity is priced independently at \$45/person

**Rock Climbing** - A new and exciting addition to Cal-Wood's offerings- an opportunity for participants to learn and experience rock climbing guided by our certified instructors. This is an awesome opportunity to experience hands-on time in nature, learn to trust yourself and your guide, and catch some beautiful views of our 1200 acres. \*This activity is priced at \$45/person, if this is cost prohibitive please reach out!
