

## Will and Julie White

Will and Julie White have served with Mission Aviation Fellowship since 1996. In Haiti, Will used his pilot/mechanic skills to be the hands and feet of Jesus by providing transportation, supplies, housing, encouragement, and support for missionaries and national church workers in Suriname, South America, and Haiti. Will's responsibilities extended beyond the traditional pilot/mechanic role. He served as the Haiti program flight scheduler, disaster relief coordinator and Chief Pilot.

Julie's ministry has revolved around keeping the family grounded as she cares for Will and their two children. In Haiti, she enjoyed extending hospitality to guests and helping them find their way around Port-au-Prince. She was very involved in the kids' school, serving on the parent committee, helping in the classrooms, and substitute teaching for several grades. Julie relies on [Philippians 4:13](#), "I can do all things through Christ who strengthens me." She shares, "Often I find myself feeling as if I can't do anything more and it is the strength, love, and joy of my Savior that spurs me on."

Currently, Will and Julie, along with their two children (William and Abby), are serving at MAF headquarters in Nampa, Idaho. Will is assigned to the MAF maintenance hangar where he readies aircraft for service around the world. Will has also been asked to take short trips to help other programs with flying and doing flight checks with new pilots and represent MAF at various airshows and events around the US.

God calls the men and women of MAF to serve Him in unique ways. He may also be calling you to a special role in the Whites' ministry. Please prayerfully consider becoming a Ministry Partner with them through prayer and/or financial support.

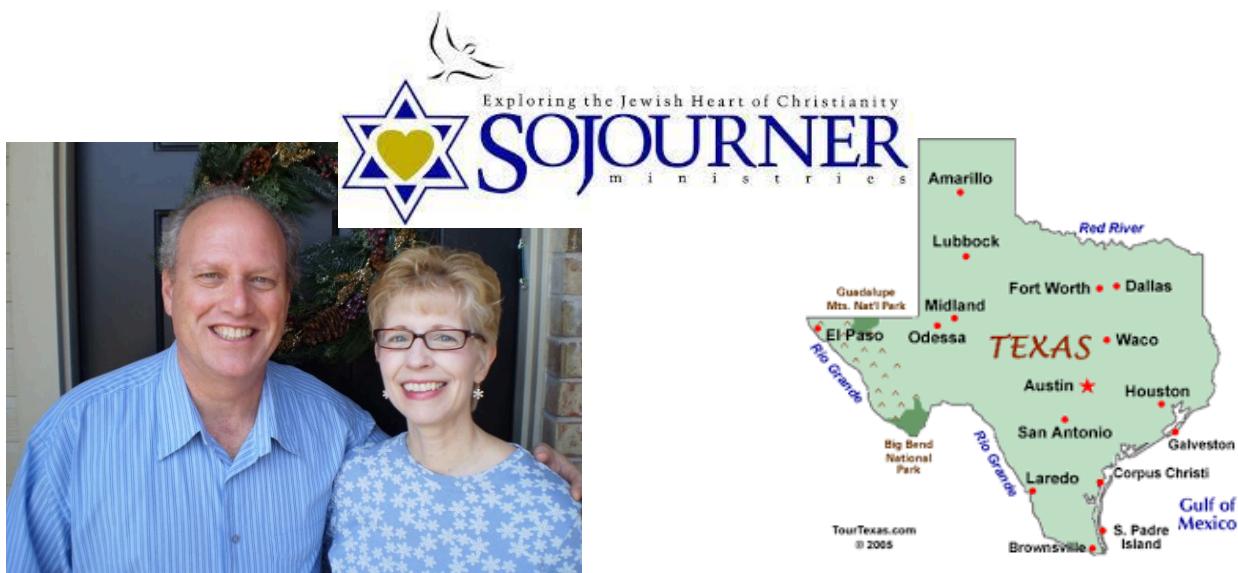

## **Mark & Holly Woodard,**

along with their 4 children, Allie, Brandt, Bryce, & Brock, are Church Planting in Papua New Guinea, among a remote people group.

The BAGWIDO PEOPLE live in the rainforest jungles of Papua New Guinea & have waited for the Gospel for many years.

The Woodard family started as VOLUNTEER MISSIONARY TEACHERS in 1997, and after serving for a year, they decided that God would have them further their training and become equipped to serve in an unreached people group. They completed 2 years of intensive missionary & language training and then moved to Papua New Guinea permanently in 2000. Since then, God has used them to live among the Bagwido People and help to bring them TRUTH. They are CHURCH PLANTERS among the Bagwido People.

## JOHN KANTER, MINISTRY REPRESENTATIVE

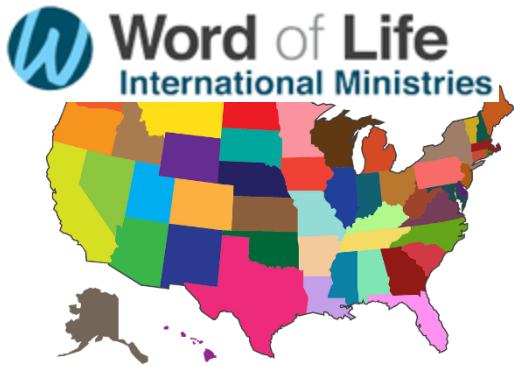

John Kanter was born in Los Angeles to Jewish parents of Russian ancestry. At age 16, he trusted Yeshua (Jesus), the Messiah of Israel, for forgiveness of sin and eternal life. John has been involved in Messianic ministry for over 30 years. He has served as a Messianic pastor, para-church minister, national ministry representative, and radio broadcaster; preaching and teaching the Jewish context of the Scriptures to numerous churches both domestically and internationally. John is a graduate of Moody Bible Institute and Dallas Theological Seminary.

In addition to John's messianic preaching/teaching ministry directed to the church at-large, he's also locally engaged in apologetics and evangelism at several college campuses in the DFW metroplex. John is also passionate about spiritual mentoring. In one on one or small group settings he seeks to help young adults develop the skills, knowledge, and character they'll need for a lifetime of Great Commission disciple-making.

*John's life verse is Ezra 7:10 because in his words, "I desire to be the best student, practitioner, and communicator of the Word I can be for the glory of God."*

John and his wife Terry have a married son, Stephen, and a grandson Joel.

Missionaries to [the United States](#)

### **Ministry Description**

We will be taking responsibility for an area that touches on 4 states (PA, DE, MD and NJ) as we assume our role as Word of Life Missionaries to the Philadelphia vicinity. It's a huge opportunity for us to work with the many churches who have a history with WOL and the thousands of churches that have never even had the chance to partner with us in discipling youth. As a Ministry Coach for local churches, we will have the privilege of supporting pastors and children's coordinators on their task to disciple their students so that they can reach their peers. We will provide them with world class curriculum and all the tools necessary for a successful ministry.

### **About Tiago**

The Lord got a hold of my heart at 12 years of age. From the very beginning of my new walk with Christ, I felt that there would be no better joy than to serve the Lord full-time. As a pre-teen, I admired the Word of Life interns that would come to help at our church. The Lord was already working on my heart. When it was time for college, there was no doubt in my mind, I wanted to go to Word of Life. I completed my Bachelor's in Theology at Word of Life, Brazil. We began serving the Lord. Even though I have not served full-time all my years after College, there has always been that calling in my heart that I could not ignore. There is nothing that brings me more joy and satisfaction than to teach God's Word, disciple God's people and to preach the Gospel to the lost.

### **About Amy**

I was raised in a Christian home (My parents actually were saved through Word of Life events as young teens). When I was in high school, I remember attending a youth seminar at my church and I felt God working in my heart to dedicate my life to Him to be willing to go wherever He called me. I had just gotten back from a missions trip and knew I wanted God to use me to touch others with His love. Being in high school, I had no idea what God was preparing for me but He placed that desire in my heart.

## Jean and Jean-Marie Joseph

Jean Marie and I have the privilege to do the following ministries in Southern Haiti:

- 1) **CETHEM Bible School:** Center of Theological Education in Miragoâne (CETHEM) training and equipping pastors and church leaders for the work of the ministry to the glory of God. [READ MORE or GIVE to this project](#)
- 2) **Hesed Children's Club (HCC):** sharing the Gospel message with orphans and vulnerable children and tangibly demonstrating the love of Christ by sending them to school, as well as clothing, feeding, tutoring, and mentoring them. [READ MORE or GIVE to this project](#).
- 3) **Women's Program:** working with oppressed women by teaching them job skills so that they can provide for their families with dignity. Our ultimate goal is to reconcile them with our Lord and Savior, Jesus Christ.
- 4) **Church Planting Ministry:** an exciting new ministry partnering with CETHEM graduates to plant Bible-believing churches in villages throughout southern Haiti. Through these churches, we plan to transform villages and communities for the glory of God.
- 5) **Hesed Homes:** providing stable and secure homes for families who are living in dire circumstances (i.e. living in shacks). For many families, this is the first time they will sleep in a home with doors and a toilet and not get wet when it rains. [READ MORE or GIVE to this project](#).
- 6) **Food and Clean Water:** distributing food to elderly and vulnerable families and (as God enables us) providing water filters to families living in the mountains so that they can have access to clean water.

We are so excited to continue serving the Lord and the people of Haiti each day. Would you prayerfully consider partnering with us?

**Dr. Falak Sher**

Dr. Falak Sher established the ministry in Pakistan in fall 1979 to bring a message of Grace, Hope, and Love to the people of Pakistan. Hunook Ministries operates two ministries, one centered on evangelism in Pakistan, and parts of south Asia, the other half of the ministry is focused on evangelism to religious minorities that live in the USA. North America is a melting pot, where people belong to many faiths and belief systems, American Evangelical Christians must be able to penetrate these minorities by administering the gospel to them.

**Ron & Lisa Redell**

Location: Skopje, Macedonia's capital

- Arrived: December 24, 2003
- Children: Brendan, Macie, and Kalina
- Anniversary: May 12

Our passion is to see believers grounded in God's Word and maturing in their faith. During a vision trip to Macedonia, we saw the need for equipping pastors and lay leaders with Biblical truths and tools to enable them to minister more effectively in their churches. This vision has expanded over the years to include teaching anyone who desires to grow in the grace and knowledge of the Lord. We are part of a church-planting team in an unreached area of Skopje, and appreciate every opportunity to share life and faith with our neighbors. Ron enjoys preaching and offering leadership and Bible courses, and he has a special interest in sharing how current events are connected to Biblical truths. Lisa enjoys teaching English and women's ministry. It is a joy seeing God transforming lives.

### Hope Center Costa Rica

Hope Partners is a Christ-centered international ministry with a simple mission: To rescue Children and Transform their Lives. We fulfill this mission through one key strategy: by building and operating Hope Centers in the most impoverished places in the world so that we can serve Christ and share His Hope. Hope Centers can be found in the poverty-wracked area on the outskirts of San Jose, Costa Rica; in the daunting slum near Nairobi, Kenya; in the forbidding regions of northern India. In the slums of Barquisimeto, Venezuela; other centers have been built in Sri Lanka and Romania. In each of these locations we help the helpless and give hope to the hopeless. In Jesus' name with his compassion we care for "the least of these"- the orphaned, abandoned, abused children who are left to fend for themselves in harsh unforgiving conditions and descriptions. At every Hope Center, children are feed, provided provisions, delivered a Christ-centered message and given help in times of crisis
