## Title 1 Parent Involvement Plan

The Whiteville HighSchool staff believes that our families and community are key to student achievement and the success of our school. We are a Title I school, which means we receive additional funds that assist in meeting the needs of our students and parents. The purpose of Title I funds is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic assessments. In order to meet the school's goals, we need your input in decision making throughout the school year.
