

RULES:

Name's Makenzie. She/her/they/them. Of age.

I don't have much that can really be said. Just the standard stuff - play nice, I'm not fast as it interferes with me being slow (plus I'm a mess), no triggers of my own but all will be tagged, open to all ocs/crossovers/etc, mutuals only. Also PLEASE specify a muse when sending an ask or requesting a starter -- otherwise you may not get one and if you DO, it's become my personal mission to toss my Cats muses at everyone. Also PLEASE reblog memes from the source if you do not plan on sending one in.
