

ASCC 2026 Special Session Proposal Template

This template is provided for preparing a special session proposal for the 15th Asian Control Conference (ASCC 2026), which will be held in Bali, Indonesia, from June 17 to 21, 2026. Please complete all sections clearly and concisely. The proposal will be evaluated by the program committee.

1. Title of the special session

Provide a concise and descriptive title for the proposed special session. The topic should fall within the scope of the conference and be sufficiently specific, avoiding overly broad or loosely related subjects.

2. Abstract

Summarize the scope, significance, and expected contributions of the proposed session. This abstract may be used for public announcement if the proposal is accepted.

3. Detailed description of the topic

Provide a comprehensive explanation of the proposed special session, including motivation, objectives, relevance to the scope of ASCC 2026.

4. Information of the organizers

List the organizers' names, affiliations, email addresses, and brief biographies (up to 100 words each). Please indicate one corresponding organizer.

5. List of potential contributors

Provide a tentative list of papers or presentations expected in the proposed session. Each item should include a tentative title, author names, and affiliations. Additional contributors may be invited later upon approval of the proposal.

Up on submission of the proposal, the organizers will receive a code for the session. The code should be distributed to the contributors, which will be needed at the time of submission of their papers.
