

Transfer Guide Bachelor of Science in Architecture Oakland Community College

Courses required for admission

- Required courses must be completed before beginning the program in the summer half term (June) and ideally should be completed by the end of winter term while applying for admission-typically at the end of sophomore year.
- Students must earn a C or better in all coursework taken outside the University of Michigan in order for credit to transfer.
- Visit <https://transfercredit.ugadmiss.umich.edu/> to determine U-M Transfer Credit Equivalencies from your college.

English (3-4 credits)

One composition course: ENG 1520

Math (4 credits)

One calculus course: MAT 1730

Physics (8 credits)

Two physics courses with labs: [PHY 1610 and PHY 1620] or [PHY 2400 and PHY 2500]

Studio art (6 credits)

Two introductory studio drawing/art courses: ART 1510, ART 1520, ART 1530, ART 1540, ART 1550, ART 1570, ART 1600, ART 1610, ART 1611, ART 2510, ART 2520, ART 2550, ART 2570, ART 2630, ART 2640, ART 2702, ART 2704, ART 2710, INT 1140, INT 2560

Humanities (6 credits)

Two courses: any foreign language, English, Art History, Musicology, Philosophy, or Religion

These courses also count toward Humanities: ART 1560, ART 2600 and FSH 1500.

Natural Science (3 credits)

One course: Biology, Chemistry, Geological Science (GSC 1530, GSC 1590, GSC 1620), Math above Calculus, Physiology (BIO 2630, BIO 2640, BIO 2660). Students without high school credit for Chemistry must elect Chemistry.

These courses also count towards Natural Science: PSC 1560, FSN 1500

Social Science (6 credits)

Two courses: Communications, Anthropology, Economics, History, Political Science, Psychology, Sociology

Transferable Electives

Elective courses should be chosen using the transfer guide at <https://transfercredit.ugadmiss.umich.edu/>. The number of elective credit hours taken should bring the student's total credit hours to a minimum of 49 transferable semester credit hours. Maximum 70 credits are accepted. Maximum seven technical credits are transferable (e.g. digital media, drafting, CAD, construction, HVAC, architecture technology, welding, technical writing, architectonics, building technology, codes, cost estimation, automotive repair, etc.).

New transfer students are admitted for the summer half term only. All new transfer students will enroll in Arch 302 - Architectural Design UG0. UG0 is an intensive skill-building workshop and an opportunity for transfer students to begin their first semester strongly. Detailed information is sent to new transfer students as part of their admission letter. Six credits will be granted for the completion of UG0, and tuition associated with a six-credit class will be charged.

All courses previously evaluated and currently approved for transfer credit in the Transfer Credit Equivalency (TCE) will continue to be accepted even if the course was taken with a different delivery method (i.e. online) and without any additional verification process for students.
