

Mobile Welding: Friday Night

Location: TBD

Delivery: IWCC Mobile Welding Lab Truck

Proposed Schedule: Friday | 3:30 PM – 7:30 PM

Join us for a hands-on welding experience using the IWCC Mobile Welding Lab. During the guided session, participants will learn basic MIG welding safety, machine setup, and techniques while completing a small take-home project. No prior experience required.

3:30–5:30 PM | Guided Welding Session

\$175 per person

Minimum: 4 participants

Capacity: 8–10

Includes:

- Welding safety fundamentals
- Introduction to MIG welding
- Hands-on instruction
- One completed take-home project

Participants may extend their time with an optional supervised Open Weld session for additional practice or small personal projects.

5:30–7:30 PM | Optional Open Weld

\$50 – Guided Participants

\$60 – Open Weld Only

Minimum: 3 participants

Capacity: 8–10

Must be registered by 2:00 PM Friday.

Ideal for:

- Additional practice
- Finishing projects
- Small personal repair or refresher work

*Instructor remains for extended hours only if participants are registered for this portion.

Expectations: Closed-toe shoes, long pants, and cotton long sleeves required. Safety gear provided if needed.
