

Choose It Narrative

Today you will be writing a narrative. In order to help you get started, I selected some pictures for you to use in your writing. You must use ONE picture.

When you have decided which picture you want to use, delete the other 3 and enlarge the picture you have chosen.

Don't forget! A narrative needs to have the **TOPS** elements. You will be creating a plot line after your story is complete. This may help you add more details into your story before publishing.

Put the **TITLE** of your Narrative
here.

ORIENTATION here

Who?	What?	Where?	When?	How?
------	-------	--------	-------	------

PROBLEM and **SOLUTION**

Problem?	Solution?
----------	-----------
