Homework 1

The goal of this homework is to go through the HTML & CSS basics. Next lecture we'll begin with a 15min test.

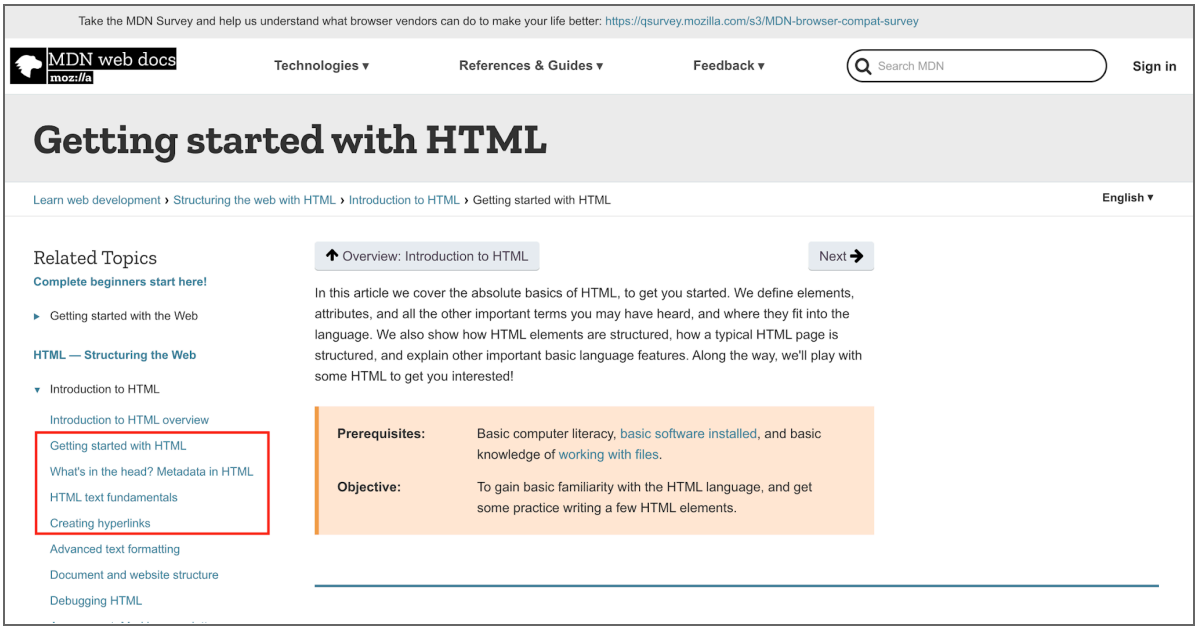

HTML

As mentioned in the lecture, we'll use standardized publicly available documentation, such as MDN. We'll learn HTML from the MDN's HTML documentation.

Read the following chapters:

- Getting started with HTML
- What's in the head? Metadata in HTML
- HTML text fundamentals
- Creating hyperlinks

The following chapters are shown in the picture.

Speck.

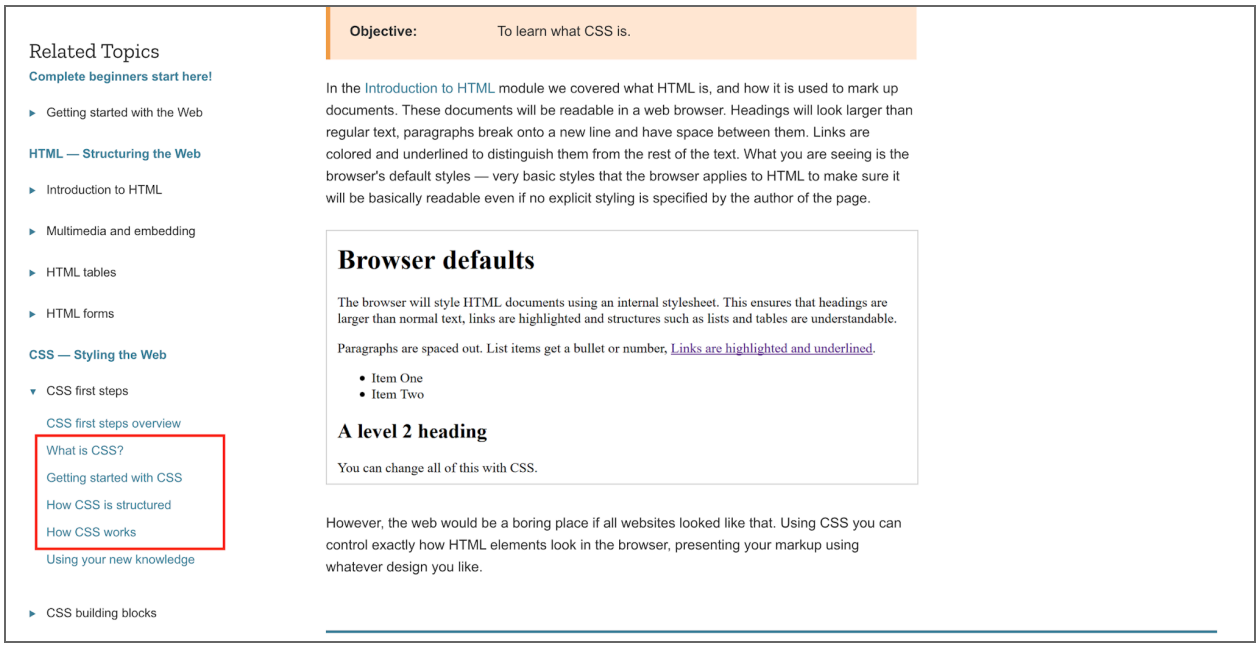

CSS

Once you're done reading about HTML basics, learn about CSS basics using MDN's [CSS documentation](#).

Read the following chapters:

- [What is CSS?](#)
- [Getting started with CSS](#)
- [How CSS is structured](#)
- [How CSS works](#)

The following chapters are shown in the picture.
