By Kimberly

Christopher Brent Wood known as Brent Faiyaz is a 28 year old male song artist. His first ever song released was **Brent Faiyaz - Get Well Soon ft. (Astro Haze & Savannah) Sunset Ave. Lp** in 2012. My story is about Brent Faiyaz's music career. I interviewed Yajaria about Brent Faiyaz and her thoughts on his timeline music career. This story is good for people who want to learn about new r&b music artists and see other people's thoughts on Brent Faiyaz.

He collabed with Shy Glizzy which skyrocketed to making his songs from then on popular. Then he released Jackie Brown which went viral on tiktok. Many people used that song as a tik tok dance. I interviewed Yajaria she is a junior at Fremont High School and she enjoys listening to Brent Faiyaz songs.

"I think Brent Faiyaz is the king of r&b"
–Yajaria

I asked her "What is your favorite song from Brent Faiyaz and why?" she responded with "I think the best songs are Rehab, Mercedes, Gang Over Luv. " Then I asked her," In your opinion, what is the worst song that Brent released?" She responded with, "In my opinion my least favorite song from Brent Faiyaz is Gravity and Role model." The next question I asked her was what was her opinion on the new Brent release "Wy@" since there was a lot of controversial opinions on it. She said "I like the wy@ song I think it's alright."

The last thing I asked her about Brent Faiyaz was, "What do you think the difference between Brent Faiyaz and Sonder"? Ahe mentioned, "I think Brent Faiyaz and Sonder are very similar except that Sonder was a group and Brent Faiyaz is just him."

I think Brent Faiyaz is the king of r&b Brent Faiyaz is one of the most famous r&b singers. He Is really good and honestly is also one of my favorite artists. His music can range from r&b soul to hip-hop.
