

Session Type: In-Person or Virtual

Intended Audience: All instructors and individuals entering grades in Folio gradebooks

Are you new to using the Folio gradebook? Ready to master it? This workshop is for you!

Description:

Join this hands-on clinic to get personalized support with setting up and managing your Folio Gradebook. Whether you're starting from scratch or troubleshooting a tricky setup, this session will help you align your gradebook with your course structure, grading policies, and student needs. Bring your questions and leave with a streamlined, functional gradebook!

After attending this workshop you will be able to:

- Establish a weighted or points-based grading system
- Create gradebook categories
- Create a grade item
- Associate a grade item with a quiz, assignment, or discussion

This is a 50-minute session. Registration is required.
