

Researcher profile

Name: Bowden

Journal website link: <https://www.wisrd.org/bowdene>

Lab: N/A

Group: N/A

Members: N/A

Skills: Sports, Art

Areas of expertise: Sports, Art, Physics

Major research question(s): N/A

Brief summary: N/A

Major questions in the field (include at least 3): What can I contribute to the sports industry? What could I do to contribute to society? How can I find projects that might be realistic and revolutionary?

Major researchers in the field (include at least 3 and where they work): N/A

Important papers and links: N/A

Materials needed: N/A

Official research plan(s): N/A

A story about science: I know it might be a basic answer, but I became interested in science after listening to the audio book Project Hail Mary. It was so interesting and captivating that I knew in a perfect world I wish I too could be an astronaut.

Areas of study: I hope to study automobile mechanics and maybe space science.

Questions: How can we make a car more aerodynamic?

Pictures: N/A
