

The Involution Community

(in·vo·lu·tion - Evolution for the soul)

Do you want support from me and my incredible community to learn the tools to initiate transformation in all prominent aspects of your life, mental, physical, emotional, spiritual and your environment? Experience a total System Reset™ without falling into self-sabotage and negative on-going cycles.

Over the next 8 weeks together we are going to focus on one area of your life that matters to you the most to get you unstuck, release and let go of what no longer serves you. You will install a protocol that clears you physically, mentally, emotionally, spiritually, depending on your area that you need help with right now. Let go of fears, limiting beliefs, trauma, negative thoughts and whatever else is holding you back so that you can move forward.

Over the next 12 months we take you into our integrative practices that bring these things together so you can meet your potential and feel happy and in alignment.

In the first 8 weeks we will learn and apply:

1. **The Four step process to Transformation™:** Reset all prominent areas of your life to the highest vision ever held about yourself so that you start feeling happy and enjoy each moment. Apply the System Reset tools, which are simple daily tasks to empower yourself to stay on track. Use these tools to live in the present moment so you can let go of worries of the past and fear of the future.
2. **ME,WE, BE™ Pathway:** Raise awareness to the things in your life that don't work or are making you unhappy. Learn a process that focuses on mental, physical and emotional well being so that we can come back to our highest and truest essence.
3. **7 Stages of Love and Relationships™:** Realign to true love and sovereignty of your time, energy and others and balance it out like a bank account. Learn the exact 7 stages you follow with any loved one or relationships and commitment where in life you are giving more than receiving and rebalancing. Learn how to break toxic cycles that make you unhappy and misaligned. Feel more energy and love as you get more of your time and energy back.

Together we'll not only learn these 3 teachings, we'll also start applying them as we seek alignment to your passion, purpose and legacy over the next 12 months.

You will get on a 90 minute Private Call with Pavel to map your **Self Journey™** and get crystal clear about what's getting in the way of living your best life. Dial in what tools are going to best serve you and where self-sabotage might be showing up in your life so you can end those toxic cycles.

In Phase Two we will dive deep into all the practises, tools and techniques to feel happy and in full alignment. You will empower yourself to take control as you feel the change happening in your life and realize how simple it can be.

Once you have the tools in place and start feeling you are on the way to living your best life, in **Phase Three** we'll tackle all the shadows, negative cycles and self sabotage that always comes up and that has gotten you stuck or stopped progress in the past.

We will workshop with Pavel **every second Sunday at 2pm EST** to implement your **Self Journey™**

You have **Heartfelt Help Sessions every second Monday at 8pm eastern** time and get support from him as well as the help of others in the Involution community. (*See many more benefits below.*)

You understand you are getting direct help in releasing and letting go of what's no longer serving you and facing anything you have avoided, in addition to learning and applying tools to feel happy and in alignment. When things don't go as planned we will be there to help you find the answers from within.

You also understand you will never get 'stuck' as you have a community around you.

Investment?

As a founding member your investment in the community uses my Pay As You Transform model that makes it ridiculously easy to get started.

Your investment is \$300 now then payments of \$300 USD every week after we start with the founding members of the group.

This rate will be grandfathered for life and not be subject to future price increases.

Imagine, if all you achieved was one significant breakthrough in any area of your life, it wouldn't be unusual to see a return on your investment in just a few weeks. Double imagine! With the support and tools provided, if you experienced even a small transformation in your mental, physical, emotional, or spiritual well-being, you'd quickly see the value of this investment, making it a wise and enriching choice.
