

## School Lunch Program Meal Charges

### School Lunch Program Meal Charges

*Category: Priority/Required By Law*

The District encourages all parents and guardians (hereinafter "parents") to provide a healthy breakfast and lunch for their student(s). Parents are welcome to send students to school with a "brown bag/lunch box" meal. The District provides the opportunity to purchase (breakfast and) lunch (as well as after school snacks) from the school cafeteria. Each meal meets or exceeds the federal nutrition standards. Payment is expected no later than when the meal is served. Payment may be in cash (check) or as a debit against funds deposited into an established student lunch account.

The school lunch program is required by federal law to operate as a non-profit which must end each fiscal year without a negative balance. Uncollected debt must be paid to the school lunch program from other funds. Therefore, parents of students required to pay the full or reduced price for meals must ensure that the school lunch program is paid for their student's meals. The District's policy is to quickly escalate efforts to bring student meal accounts into positive balance, to avoid circumstances where these accounts build significant debt.

### Student Meal Accounts

The District uses a point-of-sale computerized meal payment system that has an account for all students. Parents of students who will be purchasing meals using this system are required to establish and maintain a positive balance in the student's meal account.

Funds may be deposited into a student lunch account by cash, check, or on-line payment. Cash or checks made out to: *Unity Elementary School* should be presented to the *Cashier at the cafeteria, the Principal's Office, the Food Service Office*). A check may also be mailed to: 864 2nd NH Turnpike, Newport, NH 03773. The District utilizes the services of [www.kl2paymentcenter.com](http://www.kl2paymentcenter.com). The use of checks or on-line payments is encouraged, as each provides a record. Parents are responsible for any fees charged by the on-line service. In accordance with United States Department of Agriculture ("USDA") guidance SP 02-2015, there will be no processing fee for deposits to a student meal account made by cash or check.

Bank fees incurred on any check returned for insufficient funds will be charged to the parent. In accordance with RSA 358-C:5, notice of the fee charged for a check that is returned for insufficient funds shall be included in any letter sent to a Parent seeking payment because the student meal account has a negative balance.

Each notice to parents will include information on how to verify a student meal account balance, to resolve concerns regarding the accuracy of the account balance, or to obtain information on the school meal program, including the name, title, hours when available, phone number, and e-mail address of an appropriate member of the District staff.

### **Parental Restrictions on Use of Student Meal Account**

Parents who establish a meal account for their student are responsible for establishing with their student any restrictions the parent chooses to place on use of the account. Unless restricted by the parent, a student may purchase a la carte items in addition to the regular meal choices. Some students purchase more than one meal at one sitting. (After school snacks may be purchased.) Setting and ensuring compliance with limitations on the use of the student's meal account afford families an opportunity to develop their student's understanding of the responsible use of credit and debit accounts, which will benefit the student throughout life. Parents must monitor the student's use of the meal account to ensure that a sufficient balance is available at all times for their student to charge meals. (The District's on-line payment system allows a parent to check their students balance at any time.)

The District's policy is to ensure that students have access to healthy meals and that no student will be subject to different treatment from the standard school meal or school cafeteria procedures. Therefore, the District will allow students to purchase a meal, even if the student's meal account has insufficient funds. This policy applies to all meal offerings generally available at the cafeteria, breakfast, lunch, and after school snacks.

### **Balance Statements**

The District will work proactively with parents to maintain a positive balance in their student's meal account. The Superintendent shall establish a procedure at the school requiring that a low balance statement be sent to parents whenever the balance in a student's meal account falls to or below a set amount that approximates the amount typically necessary to pay for one week of meals.

The notices will be sent by e-mail when practical, otherwise by a note, sealed in an envelope, sent home with the student. Only those District staff who have received training on the confidentiality requirements of federal and state law, including the United States Department of Agriculture's ("USDA") guidance for school meal programs, and who have a need to access a child's account balance and eligibility information may communicate with parents regarding unpaid meal charges. Volunteers, including parent volunteers will not be used to communicate with parents regarding unpaid meal charges. 42 U.S.C. 1758(b)(6).

Notice prior to the account reaching zero is intended to reinforce the requirement that a positive balance be maintained in the student meal account. If a student meal account falls into debt, the initial focus will be on resuming payments for meals being consumed to stop the growth of the debt. The secondary focus will be on restoring the account to routinely having a positive balance.

The District recognizes that unexpected financial hardships occur and will work with parents in this circumstance to limit the amount of accumulated debt. To do so, it is essential that parents respond to notices and cooperate with district staff efforts. Fairness and equal treatment requires that those able to pay, but who fall behind, must promptly bring their students meal account into a positive balance. The District's proactive approach is intended to help ensure students have healthy meals and that parents do not accumulate significant debt to the school meal program.

### **Free or Reduced Price Meals**

The District participates in the federally supported program to provide free or reduced price meals to students from families whose economic circumstances make paying for meals difficult. Income guidelines for eligibility are based on family size and are updated each year by the USDA. The District will ensure parents are informed of the eligibility requirements and application procedures for free or reduced cost meals as well as the requirements of this policy.

Parents shall be provided with a copy of this policy and an application for free or reduced cost meals annually at the start of the school year through a mailing or in the parents' handbook, upon enrollment of a transfer student during the school year, and as a component of all notices sent to parents seeking payment to correct a negative balance in the student meal account. The communication explaining the availability of the free or reduced price meals shall include all the elements required by federal regulation, 7 C.F.R. 245.5. Each notice shall also identify a member of the District staff, with contact information, who is available to answer questions or assist the parents with applying for free or reduced price meals.

As required by the Civil Rights Act of 1964 and USDA guidance, parents with Limited English Proficiency ("LEP") will be provided with information on this policy and the free and reduced price meal program in a language the parents can understand. The District will utilize USDA and community resources to fulfill this requirement. This policy and links to application materials for the free or reduced price meal program will be posted on the school web site and made available to parents at each school.

The District will proactively enroll students found to be categorically eligible into the free or reduced price meal program. The District will seek to enroll eligible students in the free or reduced price meal program upon learning from any source of the student's potential eligibility.

When eligibility is established, the District will apply the earliest effective date permitted by federal and state law.

The District will provide a copy of this policy and application materials for free or reduced price meals to town welfare offices/human services offices and other local social service agencies who may have contact with parents who are confronting layoffs or other financial hardship.

### **Students Without Cash in Hand or A Positive Account Balance**

Regardless of whether a student has money to pay for a meal or has a negative balance in the student meal account, a student requesting a meal shall be provided with a meal from among the choices available to all students. The only exception will be where the student's parents have provided the District with specific written direction that the student not be provided with a school lunch program meal, the student has a meal sent from home, or otherwise has access to an appropriate meal. Under no circumstances will a student's selected meal be thrown away because of the status of the student's meal account.

It is the parents' responsibility to provide their student with a meal from home or to pay for school prepared meals. Therefore, the District's policy is to direct communications to parents about student meal debt. When parents choose to provide meals sent from home, it is the parents' responsibility to explain to their student the necessity of the student not using the school meal program.

Initial efforts to contact parents will be by e-mail or phone, however if those efforts are unsuccessful, letters to parents may be sent home in sealed envelopes with the student. Where the District has not received a response from the parents or the parents do not cooperate in resolving negative student meal account balances and the student continues to use the school meal program, for students in grade seven or higher, the principal or designee may communicate directly with the student in a manner that is private and which does not publicly identify or stigmatize the student. Resolution of the problem should seek to ensure the student has ongoing access to an appropriate meal.

Should the student's meal account balance fall below zero, a balance statement requesting immediate payment shall be sent to parents no less than once each week.

If the student's meal account balance debt grows to \$15.00 or more a letter demanding immediate payment shall be sent by US Mail to the parent or the parent shall be contacted by the Principal or designee by phone or in person. Where warranted, the Principal may arrange a payment schedule to address current meal consumption and arrearages while the school continues to provide the student with meals.

If the student's meal account debt grows to \$30.00 or more the parents will be requested to meet with the principal. When appropriate, the Principal should explore with the parents whether an application for free or reduced cost meals is warranted. Where extenuating circumstances of financial hardship exist and the family is not eligible for free or reduced cost meals, the District will work with the parents to identify and engage governmental and private charitable resources which are available to assist the family.

If a student with a negative balance in his or her meal account seeks to purchase a meal with cash or check, the student will be allowed to do so. There is no requirement that the funds be applied first to the debt.

**Unresolved Debt**

If the Principal determines that the best available information is that the parents are able to pay the expenses of the student's meals and the parents decline to cooperate with resolving the debt in a timely manner, the Principal shall send a letter to the parents directing them to have their student bring meals from home and cease utilizing the school meal program. The student may resume using the school meal program when a positive account balance is restored in the student's meal account.

If the student continues to use the school meal program, a second letter shall be sent to the parents using certified mail, return receipt requested.

If parents continue to fail to provide the student with a meal sent from home, continue to fail to provide funds for their student to use the school lunch program, continue to refuse to cooperate with reasonable requests by District staff to address the overdue debt, and the parent is believed to have the ability to pay, the Superintendent may pursue payment through civil legal action, including filing a claim in small claims court pursuant to RSA Chapter 503. The Superintendent is delegated authority to assess the likelihood that civil action will lead to payment, the resources required to pursue collection, and to pursue such action only when doing so is in the best interest of the District.

The Superintendent shall try to identify non-profit charities that are willing to contribute funds to the district to assist in keeping a positive balance in the meal account of students whose parents do not qualify for free meals and who due to financial hardship are unable to consistently keep the student meal account in a positive balance. If at the end of the fiscal year uncollected debt in student meal accounts must, as a last resort to fulfill federal requirements, be paid to the school meal program from other District funds, the parents' debt for unpaid meal charges shall be owed to the District.

**Assessment for Neglect Reporting**

If a student who has been determined to be ineligible for free or reduced cost meals or whose parents have refused to cooperate with filing an application for free or reduced cost meals is consistently not provided with meals, either through a meal sent from home or the payment for a meal through the school meal program, the Principal will assess whether a report of child neglect is warranted to the New Hampshire Department of Health and Human Services, Division for Children, Youth, & Families, as required by RSA 169-C:29-31.
