

Mera Physio - The #1 therapy in Raj

physiotherapy and orthopedic care at the comfort of your own home

online care, home visits and clinic appointments

“We heal people aged 10-100+ anywhere in the world - the highway to a fully healed body at 1 click distance”

Are you tired of the unprofessional care that you receive from physiotherapists?

Did you try multiple doctors regarding your problem and still nothing was solved?

Besides them telling you that “it's going to heal in time” and prescribing some useless medication.

When in reality you are going to play through the pain your **entire life**...

While they build their 3rd beach house with your money.

If you want to find the root of your problem you need to have someone that can dig deeper than the average doctor.

You see...

Doctors only prescribe medication that covers the pain for a certain amount of time, and *when the pills are over you are suffering harder than before.*

This is how doctors earn their money - they prescribe some useless medication that doesn't heal anything.

All while the patient spends all his money on other doctors and pills in the hopes of getting healed...

We are tired of seeing people getting their life destroyed by some unprofessional doctors that only want their paycheck and a raise.

Because at the end of the day you come home with the pain, not the money-seeking doctors.

That's Why We Created...

The clinic where over 472 patients were treated - all 100% healed

Because we don't try give our patients a slightly pain relieving pill, that is only going to aggravate their situation and bank balance.

BUT INSTEAD

We are always reaching the root of the cause, that's why we never miss!

Once we find the root of the problem we can destroy it with the reverse mechanism that we have developed over the years.

It got to a point where we would apply our mechanism to all new patients and successfully heal them.

Here is what we can 110% help with:

- ☒ Diabetes Management
- ☒ Children's Physiotherapy
- ☒ Joints and Back Care
- ☒ Sports Injury
- ☒ Women's Health
- ☒ Rehabilitation
- ☒ Weight Loss
- ☒ Pain Management

If you have troubles moving around we can also make HOME VISITS.

You are able to be taken care of at the comfort of your own home.

If you want to have a pain-less body **Call Us At +91 7470 606369** and we will take care of you in no time!

If you aren't in Raj, India

You can get yourself healed through a simple internet connection!

no need to leave your home or be worried about how busy the clinic is,

because we can treat you through your phone's screen.

We will still be able to help you just like our other patients, but the only difference is that you don't need to do anything.

We will call you and set a quick meeting in which we will give you a personalized process for a fully healed body - while being in touch with you throughout the process
