

Privacy Policy – Mala Jap Counter

Effective Date: September 11, 2026

1. Introduction

Mala Jap Counter ("the App", "we", "us", or "our") is a spiritual prayer and japa counting application. This Privacy Policy explains how information is handled when you use the App.

2. Information We Collect

Mala Jap Counter is designed to provide japa/mala counting functionality without requiring you to create an account. We do not intentionally collect personally identifiable information such as your name, phone number, home address, or contacts through the App.

If the version of the App you use includes advertising, analytics, crash reporting, or other third-party services, those services may collect technical information according to their own privacy policies. You should update this section before publishing if your App uses any such services.

3. Data Stored on Your Device

The App may store your prayer/japa counts, preferences, settings, and related app data locally on your device so that the App can remember your progress. This information is not intentionally transmitted to us unless a feature of the App specifically provides for such transmission.

4. How We Use Information

Information stored by the App is used to provide, maintain, and improve the japa counting experience, including remembering your counts and preferences. We do not sell your personal information.

5. Third-Party Services

The App may use third-party services such as Google Play services, advertising providers, analytics services, or crash-reporting services if enabled in the App. These providers may process technical information in accordance with their own privacy policies.

If advertising or analytics are added to the App, the developer should update this Privacy Policy to identify the relevant providers and describe the information they may collect.

6. Data Security

We take reasonable steps to protect information associated with the App. However, no electronic storage or transmission method can be guaranteed to be completely secure.

7. Children's Privacy

The App is not intended to knowingly collect personal information from children. Because the App does not require an account or intentionally request personal information, we do not knowingly collect such information from children through the App.

8. Data Retention and Deletion

Locally stored App data remains on your device until you delete it through the App, clear the App's data, uninstall the App, or otherwise use an available reset/delete function. If the App later provides cloud or account-based storage, this section should be updated to explain how users can request deletion of that data.

9. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any updated version will be posted at the same privacy-policy URL and will include a revised effective date.

10. Contact Us

If you have questions about this Privacy Policy or the App's privacy practices, please contact us at:

khanakukani18@gmail.com

Replace the placeholder above with the email address you use for Jap Mala Counter support before publishing this policy.

11. Developer Information

App Name: Jap Mala Counter

Developer: Khanak

Privacy Policy Effective Date: September 11, 2026
