

Privacy Policy for Password Generator App

This Privacy Policy governs the manner in which the Password Generator app collects, uses, maintains, and discloses information collected from users of the app. This Privacy Policy applies to the app and all products and services offered by the developer, [Hardik Jain](#).

Information Collection and Use

The Password Generator app does not collect any personal or sensitive user data. It is designed to generate random passwords for users on demand and does not store any generated passwords on the device or transmit them to any server or third-party service. The app operates locally on the user's device and does not require any internet connectivity.

Information Sharing

As the Password Generator app does not collect any user data, it does not share any information with third parties.

Security

The security of your information is important to us, but please note that no method of transmission over the internet or electronic storage is completely secure. While we strive to use commercially acceptable means to protect your personal information, we cannot guarantee its absolute security.

Changes to This Privacy Policy

Hardik Jain has the discretion to update this Privacy Policy at any time. When we do, we will revise the updated date at the bottom of this page. We encourage users to frequently check this page for any changes to stay informed about how we are helping to protect the personal information we collect. You acknowledge and agree that it is your responsibility to review this Privacy Policy periodically and become aware of modifications.

Your Acceptance of These Terms

By using the Password Generator app, you signify your acceptance of this Privacy Policy. If you do not agree to this Privacy Policy, please do not use the app. Your continued use of the app following the posting of changes to this Privacy Policy will be deemed your acceptance of those changes.

Contacting Us
