

Subject: This Is More Important Than Getting Sales.

Hey (name)

In the first year of my real estate journey,

I was kind of lost,

Frustrated by tons of client's rejections,

Focusing on how and when to make my first sale.

Overall, I was fed up.

After a while, I found the roadblock I was struggling with.

And it wasn't multiple problems that I needed to fix...

Or spending money to solve it.

It was something related between me and the creator of the Universe.

I am talking about GOD.

The feelings and pain I was going through had cleansed the existence of God from my head.

But once I felt it, it was deeper than I expected.

I mean deep that I was able to see is a connection between me and God.

And after a while,

I was able to control all of my problems and solve them exactly when they showed up.

[So, now you decide, if you want to put God at the center of your business and life
Or deal with simple daily problems for weeks and months.](#)

The choice is in front of your eyes.

And if you can feel it, you can solve it.

Grow with faith,
